

TREATY GUARDS U.S. TRADE POSITION, MINORITY TELLS SENATE

**WORLD HOPE,
EVEN IF NOT
PERFECT, PLEA**

(Continued from Page 1)

which other nations associated with us in reparations, they are nevertheless of tremendous importance and could only be secured under a dictated peace. Among the concessions which the United States would sacrifice may be included the "first" Germany's acknowledgment of responsibility for the war

and her promise to make restitution for damages resulting from it.

SHIPPING AND CUSTOMS CONCESSIONS ARE TOLD:

"SECOND"—Germany's promise to us in the treaty that she will not impose higher or other customs duties or charges on our goods than those charged to the same nation, and will not prohibit or restrict or discriminate against imports directly or indirectly from our country.

"THIRD"—Germany's promise to us in the treaty that she will make no discrimination in German ports on shipping bearing our flag, and that our shipping in German ports will be given as favorable treatment as any nation.

"FOURTH"—That for six months after the treaty goes into effect no customs duty will be levied against imports from the United States except the lowest duties that were in force for the first six months of 1914.

"FIFTH"—Germany's agreement with us that the United States shall have the privilege of reviving such of the treaties with Germany as were in existence prior to the war as we alone may desire.

"SIXTH"—Germany's promise to us to restore the property of our

citizens seized in Germany, or to compensate the owners.

ACTION VALIDATED.

"SEVENTH"—Germany's very important agreement validating the action by the United States and by the allies property custodian by which we seized and proceeded to liquidate \$800,000,000 worth of property in the United States belonging to German citizens.

"EIGHTH"—Germany agreed that payment of the costs of these actions may be used to compensate our citizens in Germany if Germany fails to do so, or to pay debts which Germany or Germans owe to American citizens or to pay American property destroyed and lives taken in the war.

"NINTH"—Germany's agreement that she will compensate her own citizens for property, patents and other things belonging to them in the United States seized during the war by our government.

"TENTH"—Germany's agreement that no claim can be made against the United States in respect of the use or sale during the war by our government or by persons acting for our government, of any rights in industrial, literary or artistic property, including patents.

RETAIN SHIP IS CITED AS CONCESSION.

"ELEVENTH"—Germany's agreement that the United States shall retain over 500,000 tons of German shipping at American ports, which much more than compensates us for shipping lost during the war.

"TWELFTH"—We would lose our membership on the reparations commission, which will be the most powerful international body ever created and which will have enormous control over the trade and commerce of the world for years to come. It not only supervises the use of German economic resources and the payment of reparations, but it can restrict or expand Germany's imports and distribute much of her desirable exports, including dyed. In no way can the United States assure itself against discrimination in German economic policies unless we have a member upon this great reparations commission.

AT END OF WAR, BUT WITHOUT ANY PEACE.

These are some, but by no means all of the valuable concessions which the United States would inevitably sacrifice by failing to ratify the treaty. This failure will be just as complete if we reject the treaty absolutely. In either event we would find ourselves at the end of the war, it is true, but without any peace or terms of peace with Germany. We would have abandoned our disgusted associates and we would be reduced to the necessity of seeking a negotiated peace with an angry Germany on such terms as she would be willing to accept.

"We are, therefore, without any amendment.

The claim has been set up that one of the proposed amendments which relates only to the league of nations does not meet the assent of Germany. This is based on the fact that Germany is not yet a member of the league of nations and may not be for several years. The answer is, however, that the league covenant is a part of the treaty and the league which is mentioned in many places in the treaty has much to do with German affairs, even though Germany is not a member of the league.

In agreeing to the provisions of the covenant, Germany has assented to the provisions of the treaty.

If it is to be amended Germany's assent will be just as necessary as to any other article of the treaty.

SENATORS ORGANIZED TO DEFEAT THE TREATY CHARGE.

The negotiations prepared by the majority of this committee are of such a character as at once to betray their authorship. They are the work of senators organized for the purpose of destroying the league and its possible defeating this treaty.

Their phraseology is such as to make their purpose plain. They are in no sense the work of men who are used to make clear language in the treaty that might be considered doubtful, but they are so framed as to receive the support of senators who desire the defeat of the treaty.

"While masquerading in the guise of reservations, they are, in fact, alterations of the treaty. They have all the vices of amendments and the additional vice of pretense. If presented as parts of the resolution to ratify the treaty, they would in fact if adopted result in its defeat. All of them apply to the league of nations section of the treaty. Those who oppose the league of nations realize that it is invincible in a square fight and they hope to destroy that by this last Hail Mary."

SAYS LEAGUE HAS WITHSTOOD ATTACK.

The league of nations has stood the test of world-wide criticism and unlimited attack. It stands today as the only hope for world peace.

After all the assaults of many months its purposes and provisions stand out clearly defined, unaltered by criticism and unyielding to attack.

The league of nations proposes to establish the rule of international justice in place of force. It proposes to make a war of conquest impossible by uniting all nations against the offender.

It is the first international arrangement ever made by which small and great nations are given the organized strength of the world for protection.

It is a covenant between many nations by which each agrees not to do certain things which in the past have produced wars, and to do many things which have been found to preserve the peace.

It is a working plan for the gradual reduction of armament by agreement and by agreement.

It sets up arbitration as a friendly method of adjusting disputes when arbitration is not agreed to. In both cases it provides a cooling-off period of nine months during which the differences will be adjusted.

It preserves the territorial integrity and political independence of each member and leaves to each the exercise of its sovereign rights as a nation.

It will save the world from wars and preparations for wars.

It will reduce armaments and taxes.

REMOVE DISCONTENT WITH GOVERNMENT.

It will help to remove the discontent with government in all countries by making government beneficial and devoting its revenues to constructive rather than to destructive purposes.

It is the only plan proposed to redeem the world from war, pestilence and famine. The only one by which a stricken world can be redeemed from the disasters of the late war and the dangers of impending international chaos. Those daily and delay as they seek with microscopes to find some petty flaw in its structure, have nothing to fear.

LEAGUE SCORED; THRONGS CHEER

(Continued from Page 1)

They have appealed to every prelude and resorted to every desperate attack to destroy this great international effort to establish peace, but they suggest nothing in its place.

"The denounce the public demand for immediate action and demand that rail at the President, who with the representatives of many other nations has devoted months of hard work to a great constructive effort to settle the terms and reorganize the world for peace. Finally, unable to stem the tide of public demand for the league of nations, they resort to so-called reservations in the hope that they may destroy by selection what they have found unacceptable by direct attack.

"We renew our recommendation that the work of the peace conference be confirmed, the will of the people fulfilled, and the peace of the world advanced by the ratification of this treaty—the best hope of the world—even if all human instrumentalities it be not divinely inspired in every detail."

TRYING TO GIVE POWER BACK TO KING.

As Borah referred to England's voting power in the league and similar matters, Borah declared "they are trying to give back to George V in thirty days what it took George Washington seven years to wrench from George III."

As Borah referred to the league covenant as a "treacherous, cowardly, callous, vicious scheme," a voice boomed back amidst the cheers: "Wish we had ninety-six senators like you."

Borah referred sarcastically to a recent statement by Thomas Lamont of J. P. Morgan & Co., saying that the condition of foreign exchange has been critical due to the Senate's delay. Declaring that in the crisis of the republic, Lamont could say nothing more than the price of foreign exchange, he expressed the hope that the Senate would always incur the displeasure of the Lamonts of the country.

JAPAN WILL RETURN SHANTUNG, SAYS ENVOY

ENVER, Colo., Sept. 11.—That Japan intends to return to China the Shantung province was the declaration of K. Kumatsu, who is on his way to New York to assume the duties of consul-general from Japan.

The assurances given by the Japanese peace delegation in Paris last May in connection with Shantung have been criticized by the Senate.

It was said the Japanese had no intention of claiming territorial rights in China and deprecated the idea that strained relations between the United States and Japan would result from the Shantung issue.

If your dental plate is loose or

SINGLE NATION CANNOT MEANCE U. S.: MARCH

WASHINGTON, Sept. 11.—"No single nation can menace the United States," declared General March, chief of staff, before the house military affairs committee today. "All plans for a future United States army are based on the assumption of attack from a combination of two or more nations." The American army of 576,000 officers and men with the millions of class A youths prepared under the universal military training plan of three months would provide an army as a wall behind which to drill the eleven to fourteen million men to be called to the defense of their country, or would provide an effective army to throw into foreign service."

ALAMEDA TO HELP FLYING FIELD PLAN

ALAMEDA, Sept. 11.—L. J. Reese, former United States army aviator and now connected with the Sacramento Aviation company, which operates a fleet of planes at the capital, visited Alameda yesterday and in a meeting with the chamber of commerce in charge of the unique event, while assisting are J. D. Burns, Harold Dexter, Neal Wilson, H. R. Johnson, Claude Rohr, A. E. Graven and Fred Brooks.

GUEST OF S.F. HOTEL SLAYS SELF IN ROOM

SAN FRANCISCO, Sept. 11.—Cloud Parks Huff, 31, a guest at the Palace Hotel, committed suicide in his room today by shooting himself through the left breast with a .38-caliber revolver.

The body was found by a maid who had the door opened after repeated knocking had failed to obtain a response.

Huff disrobed and shot himself after getting into bed. Two sealed letters addressed to a relative in Sacramento and a third letter addressed to C. Brooks were found lying on a table. Hotel executives said Huff registered at the hotel on Tuesday, September 2. Nothing is known of his antecedents and nothing was found among his effects which could clear up his identity, the purpose that brought him to the city or the motive for his suicide.

The body was removed to the mortuary on the wall of Wheeler Auditorium, where it will remain until completion of the new Stephens memorial hall.

A portrait was purchased by former students of Professor Stephens, who will cost approximately one thousand dollars.

Professor Stephens' former associates with Professor K. C. Lee, went to inspect the painting day at the studio of Arthur Canin, San Anselmo, an intimate of the well-known scholar and a member of the Bohemian

STUDENTS TO HANG \$1000 PORTRAIT

BERKELEY, Sept. 11.—On the late Professor Stephen's birthday, students of the University of California hung a portrait of the former student on the wall of Wheeler Auditorium, where it will remain until completion of the new Stephens memorial hall.

The portrait was purchased by former students of Professor Stephens, who will cost approximately one thousand dollars.

Professor Stephens' former associates with Professor K. C. Lee, went to inspect the painting day at the studio of Arthur Canin, San Anselmo, an intimate of the well-known scholar and a member of the Bohemian

Academy on the wall of Wheeler Auditorium, where it will remain until completion of the new Stephens memorial hall.

U.C. STUDENTS'. CIRCUS TO BE 'THREE RINGER'

BERKELEY, Sept. 11.—Pink lemonade, gawdust and all the traditions of the tented three-ringer will be revived on the campus of the University of California this year, when a circus will be staged by the "Big-C" society.

The circus, an annual event until the war, will have its setting this year on the football field on October 25. Each organization on the campus will put on a sideshow, with individual students showing feature acts. Plans are also being made for athletic contests, jazz band exhibitions and other stunts.

C. L. Tilden is chairman of the committee in charge of the unique event, while assisting are J. D. Burns, Harold Dexter, Neal Wilson, H. R. Johnson, Claude Rohr, A. E. Graven and Fred Brooks.

FIRE CHIEFS ON STAND IN WATER HEARING

At a resumption of the East Bay water rate hearing before the Railroad commission today, Fire Chiefs W. T. Steinmetz of Alameda and Roy Le Moyne of Richmond testified a six-inch main would afford those efficient service.

Attorney Creed, representing the water company, said: "We sell water as a commodity and do not care to what purpose it is put. We specifically state in our contract it is not to be construed as fire protection."

The question whether fire protection is included is the point at issue.

Oakland, Alameda, Richmond and San Leandro are in the territories under discussion.

During the hearing it was learned San Leandro has its own system of fire protection in its Richmond plant, a high pressure sea water system, and still pays one-fifth of the taxes of the city. Recently the East Bay company put in a 24-inch main carrying 3,000 feet to reach the plant.

The Standard Oil company pays the company \$15,000 a month for water.

The East Bay company representatives said the company would put in larger mains if the cities would pay for them and would guarantee to pay a sufficient sum for water consumed.

The hearing adjourned at noon.

Judge Accepts Man's Testimony; Frees Him

Alfred J. Yorston, who was arrested Tuesday under city ordinance prohibiting wearing of hats or other decorations in a moving picture house, was discharged yesterday from the court of Police Judge Samuels.

Judge Samuels accepted Yorston's side of the story against that of the arresting officers, who charged Yorston refused to remove his hat in the foyer of the picture house. The case was taken from the calendar and \$10 bail was refunded. Yorston said the officer handled him roughly.

Blue Bird Bureau

Wanted—a guitar, cornet and flute.

The nine lepers in the leper colony at the County Infirmary have dreams of an orchestra. They have long hours and a strong will to practice their instruments on the hills. Already some of them can make sweet music on the violin, the banjo and accordion to which the colony fell heir some months ago. The ambition of others has been fired.

A discarded instrument will do. A second-hand instrument will be acceptable. It is just something more to keep the seven restless boys and the two patient women happy and employed.

The Blue Bird Bureau of The TRIBUNE will receive the gifts on behalf of the lepers.

Vegetable Vendor's Case is Dismissed

The attorney general, failing to give an interpretation of the state fruit standardization act at the request of Acting Prosecutor Edward Talbot, M. S. Gomes, vendor, was discharged from the charge of Judge Talbot.

The action, however, was under the standardization act and awaited an opinion from the attorney general.

**Rotarians Observe
"California Day"**

"California Day" was observed today at the weekly luncheon of the Rotary club at the Hotel Oakland.

California songs and addresses were heard, and California souvenirs distributed at favors.

Norman Hack, actor, spoke on California as the "Golden State." William J. Hayes prominent in the Native Sons.

He spoke on the state as a Californian views it. The event was largely attended.

Bryan Held; Court Sets Bail at \$10,000

Continuing his policy of fixing prohibitory bail for offenders charged with making attacks on minors, Police Judge Myrtle Smith ordered the imprisonment of Benjamin Bryan in the city prison until he can furnish \$10,000 bail.

Bryan is specifically charged with a felony, a violation of Section 288 of the Penal Code.

He was held to answer in superior court by Judge Smith.

Woman Arrested for Attacking Neighbor

Mrs. Mary Simmons of 1261 Ninety-fourth avenue was arrested at noon

FIGHT H.C.L. BY 'WAR PLAN' SAYS MERRITT

To assist in the fight which the department of justice is making against hoarding and waste of food-stuff, Ralph P. Merritt, United States Food administrator, has called upon all former state and county food administration organizations to co-operate in the campaign.

The restoration of war-time measures to combat the high cost of ordinary necessities is imperative, according to the opinion of Administrator Merritt.

Merritt in a statement just issued declares:

"The former members of the food administration are being asked to assist the department of justice in its fight to reduce the cost of food and clothing.

The food control act, which was enforced by the food administration during the war, and which prohibited hoarding and the waste of food-stuff, will be continued.

"Former members of the food administration are now asked to assist the department of justice in the enforcement of this law.

"The President in his St. Paul speech yesterday attributed the high price levels of food and clothing to world economic conditions, lack of production and uncertainty as to the future course of the United States among nations.

"Food control, however, is a factor in the prevention of waste.

"Our sole hope of aiding those who suffer under the constantly increasing burden is to everlastingly hammer away at those factors which constitute unnecessary additional costs.

"We must apply wartime measures in the prevention of waste; we must check hoarding and apply the measures of food control which have been adopted since the end of the food administration, and at the same time assist in returning business to normal banks and normal levels."

Today by Corporal G. O. Hunt as a result of a neighborhood row in which she is alleged to have attacked Mrs. Ludmilla Fernandez.

Mrs. Fernandez charged that Mrs. Simmons raised blows on her head with her fist. A charge of battery was preferred. The case will be heard in police court tomorrow.

THIS BLOOD-BUILDER AIDS APPETITE AND PROMOTES DIGESTION,

Many People Who Have Been Helped Now Recommend a Reliable Remedy to Those Who Suffer

and failed to recover her health and strength until she tried Dr. Williams' Pink Pills.

"During the influenza epidemic last year," says Mrs. Jessie Priest, "I was unable to take care of several sufferers and the world made such demands on my strength that I became badly run down and fell an easy victim of the disease. The attack left me very weak and though I tried many preparations it seemed impossible for me to regain my strength. I was on the verge of a nervous breakdown because of the constant pain in my head and the loss of appetite.

"The nervousness was accompanied by headaches and my appetite was variable. I couldn't sleep well and as a result grew weaker day by day. When on the point of giving up hope I heard about Dr. Williams' Pink Pills and decided to try them. They were sharp, shooting pains that came on suddenly and sometimes when I stooped over I could hardly straighten up. At times when I lay in bed I could overcomes them. I feel refreshed and ready for the day's tasks. I can't advocate Dr. Williams' Pink Pills too strongly for run-down constitutions."

Had Stomach Troubles

Another grateful user of Dr. Williams' Pink Pills is Mr. R. L. Monroe, of No. 1717 Quincy avenue, Ogden, Utah. He says:

"Irregular meal hours were, I believe, the principal cause of my stomach trouble. I suffered from indigestion for several months, but didn't pay much attention to it until I began to have cramps that were so severe at times that they doubled me up with pain. Food seemed to sour and caused diarrhea. I was unable to eat. Everything I ate disagreed with me until after a while I didn't care whether I ate anything or not."

"While I was in this state and daily losing strength, I decided to give Dr. Williams' Pink Pills a trial and procured a box. A short time after beginning the treatment my appetite revived and in a few weeks

I was able to eat heartily without having cramps or distress of any kind. My stomach is in excellent condition now and I feel stronger every day. I shall always keep Dr. Williams' Pink Pills on hand for I believe that they will do all that is claimed for them."

Corrected Her Rheumatism

"I am glad of this opportunity of recommending Dr. Williams' Pink Pills, the remedy which benefited my rheumatism after ten years of suffering," says Mrs. R. L. Berry, of No. 2322 West Houston street, San Francisco.

"Overwork, worry and exhaustion were the causes of my rheumatism," she continued. "I suffered agonies of pain through my shoulders and hips. There were sharp, shooting pains that came on suddenly and sometimes when I stooped over I could hardly straighten up. At times when I lay in bed I could overcomes them. I feel refreshed and ready for the day's tasks. I can't advocate Dr. Williams' Pink Pills too strongly for run-down constitutions."

TWO CITY HALL FIGHTS STAGED ON SAME DAY

ATTRACTIVE BILL FOR OAKLAND ORPHEUM.

Novelties are on next week's bill at the Orpheum; the opening of the regular vaudeville season. Eight acts will greet patrons. Emma Hale comes as a headlining feature with Jack McLean. They will offer a rapid fire, kaleidoscopic series of Terpsichorean attractions.

Madame Burnell has her "Maze of Fun." With massive electrical machinery she juggling with rings of volts, and making a sensation out of high tension electricity.

Blanche and Jimmie Creighton will offer Mudtown Vaudeville, a travesty of the "American." Other comedians are shown by Hayden and Peck. Neil Lockwood will offer her own novel style of entertainment and Harry and Ada Vivian, the world's champion show girls, will entertain with their singing. Stinner and Dell in "Look Out a Wheel," an auto skit, offer more laughs, and a Christie Comedy and Paul Reilly will round out the bill.

This will be followed by Skeet, Gallagher, and Irene Martin in "Sweaters," and includes "The Thirtieth Chair."

NAZIMOVA IN "THE BRAT"

Nazimova in "The Brat" and Will Rogers in "Almost a Husband" continue to attract large audiences to the American Theater where the double bill is running the end of a week's engagement.

Nazimova in "The Brat," a picturization of Maud Fulton's famous stage play, portrays a less serious role than in the screen and gives a convincing delineation of the unique character of "The Brat."

"Almost a Husband" is a screen adaptation of Maud Fulton's "Joe Black" and stars Will Rogers, the lovable, homely, good-natured country school teacher who becomes a husband without first going through the formality of being introduced to his wife, given a name and a title.

During the Nazimova-Rogers engagement John Wharry Lewis and his orchestra, and Edgar Bayliss, organist, will play every afternoon and evening.

Commencing next Sunday William Farnum comes to the American for a week's engagement. In his newest screen success, "Wolves of the Woods," he appears as a timberman who has been captured by the Indians.

The battle between Farnum and the typewriter agent followed a battle earlier in the day, when in the council chambers, City Clerk L. W. Cummings clashed with Phil Reilly as a result of an article, attacking the city clerk, published in a weekly run by Reilly.

ROUND ONE.

Salbach, agent for the Royal Typewriter company, denied that his company had paid anyone for an order; said that Barzee wasn't in the business manager's office then anyhow, and added that Fites made the charge as "spite work" because he, Salbach, had refused to deal with Reilly, brother, another typewriter agent.

"It looks like a fight between two typewriter agents in which Barzee is being made the goat," commented Superintendent Fred Hunter.

Immediately after Barzee's exoneration, Salbach approached Fites and the two men clashed, each striking at the other and falling over.

Hunter, G. C., who then separated them, both bleeding, and Gray, producing his deputy sheriff's star, wanted to arrest them. School Director Fred Campbell restrained Gray. Both men were hustled out of the meeting.

ROUND TWO.

Fites said that the charges grew out of a meeting with Barzee in September, 1918, when he investigated bids for new typewriters for the school commercial department. He said that, discussing the machines preferred, Barzee had remarked that "he would not consider anything that was too high, anyhow, what was in it." Barzee denied ever meeting Fites. It was shown that he was not in the business office at the time, but was secretary to Superintendent Fred Hunter, with no business connections with the school system.

The board voted a complete exonerations for Barzee on the ground that no such deal as was charged by Fites had actually taken place.

The battle between Fites and the typewriter agent followed a battle earlier in the day, when in the council chambers, City Clerk L. W. Cummings clashed with Phil Reilly as a result of an article, attacking the city clerk, published in a weekly run by Reilly.

U. S. HOLDS ON TO PETERSEN BUNDLE

A trunk full of uniforms and mementos, and a blanket roll, with the trench helmet, gas mask, boots and other clothes, that left Paris more than six months ago with Captain Walter J. Petersen when he returned to America, has at last reached Oakland—but Petersen can't have it yet. Due to twists and kinks in the custom rules, due to the operations of the government-supervised railway express, and various other misunderstandings, the goods are in the custom house here, brought back from Petersen's home after they'd been delivered, and no one knows when they'll be released.

The truck was examined and found to contain "no dutiable or taxable cargo," so it was "passed" and started for Oakland via the American Railway express. From then on trace was lost until the date before yesterday when the boxes showed up—together with a bill for \$18.50.

Petersen hurried to the express office to complain—the luggage had been prepaid in Paris.

"Oh, it's a mistake," he was informed. "The charges are \$3.80."

"What for?" demanded the captain.

"We don't know," said the express office. "Better pay it than argue. It's charged to brokerage." Petersen paid and claimed his baggage.

Then the customs authorities swooped down on his house and grabbed the baggage back again. "What's the idea? It was examined and passed in New York," protested Petersen.

"Don't know—orders," said the customs authorities. Now that they have the baggage, they say they don't know where the orders came from, or what they're to do with it. But, pending more orders, they say they'll hold the boots, blankets, uniforms and the rest of the captain's paraphernalia. Petersen says he'll write to Washington—and that maybe his great-great-grandchildren will some day get the goods, in the final course of the unraveling of governmental red tape. He has the same hopes for a month's pay that he's never been able to get yet.

PIPE THE PLANE, SAYS THIEF AS HE GRABS \$100

"Pipe the airplane!" remarked a stranger, pointing toward Kent Walsh, 92 Monte Vista avenue, waiting to catch an Oakland train. "Walsh 'piped,' interested also in aerial navigation.

When he looked down again the stranger had vanished, according to his plaint to the police, and with him had vanished \$100 in coin of the realm, recently the property of the aforesaid Walsh. Walsh's watch had also gone the way of the money.

Isadore Aspe, 701 Davis street, is another misplaced confidence victim listed on the police blotter. He says that he took pity on a strange youth, took him home and that the latter rifled his pockets, stealing \$500.

The wholesome Sweetness of Grape-Nuts

is due to self-developed sugar from the long baking of wheat and barley. This natural sweetness never disturbs digestion as do some other forms of sweets. Give the children all they want. It's good for them.

FIRE FIGHTERS TO ENCOURAGE ENLISTMENTS

NAUGHTY THIEF STEALS SIX TIN SPOONS, THREAD

"Microscopic larceny" is the only word that Robert Bruce Farlie, half-brother of Judge Samuels, police court, can think of as adequate to the thief who committed a burglary too small even to be classed as petty larceny, and who is being sought today by the police as a real curiosity in criminology. The search follows a report from Peter Johnson, living in an ark on the estuary, who says that a burglar entered his ark and stole nothing but a spool of cotton thread and some spoons. He said that the value was too small to estimate, but finally fixed an arbitrary value of 30 cents for the lot.

Burglars who entered the home of James Furtel, 2424 Lawton avenue, stole silverware valued at \$75. Two teaspoons were found in the house, cut in half, the thieves having apparently done this to test the solidity of the silver before carrying it away.

SENATE O. I. S. GONZALES

WASHINGTON, Sept. 11.—Nomination of William E. Gonzales of Columbia, S. C., to be American ambassador to Peru, was confirmed yesterday by the Senate, thereby ending opposition which followed his appointment.

Secretary Frank Colburn of the Civil Service board says that to date only 75 men have applied for examinations for the new positions, and that at least 100 more applicants will be needed to complete a full list.

SHRINKAGE ESTIMATED. — We figure that out of applicants there is usually a shrinkage of 20 per cent after the medical examination.

SECRETARY FRANK COLBURN

WOMEN LOSING GRIP, ASSERTS MRS. EDSON

PERSHING SEES MRS. ROOSEVELT AT HER HOME

OYSTER BAY, N. Y., Sept. 11.—General John Pershing turned aside from his ceremonial and official duties today to spend a quiet half-hour with Mrs. Theodore Roosevelt at the Roosevelt family home at Sagamore Hill. Contrary to plans previously announced, the general did not visit the grave of the late President to-day.

—That women have lost at least 50 per cent of the power which they possessed in the two years following their enfranchisement in California, and that public opinion is so misinformed in Southern California, particularly in Los Angeles, that the people have no knowledge of the facts underlying Industrial life were two statements made by Mrs. Katherine Phillips Edson, field agent for the State Industrial Welfare Commission, before the Big Sisters yesterday afternoon, meeting in the Y. W. C. A. building.

Women, according to Mrs. Edson, are facing in the dawn of national suffrage a serious crisis. The men of the east still believe, according to her, that women will represent the weaker sex, while women in California believed that in the first two years that we went to the polls, declared Mrs. Edson, "but soon they found out that we had no solidarity." She urged that every appeal be made to Governor Stephens to call an extra session of the legislature for the purpose of ratifying the national suffrage amendment.

"In no place is there greater organization in women's clubs, churchmen, etc., than in Los Angeles," asserted Mrs. Edson. "Yet any one who organizes economically is considered a bad citizen."

OSGOODS'

Gompers Asked to Delay Steel Strike Wait for Conference, Wilson Urges

By JOHN EDWIN NEVIN, International News Service Staff Correspondent.

BILLINGS, Mont., Sept. 11.—The industrial situation in the United States was giving President Wilson distinct concern today. The threatening aspect of the steel trade where a strike has been decided upon because Judge Gary refused to meet the American Federation of Labor demands to consider it to be of importance to the country, it was learned today. At first, because he believed so that the President last night sent an appeal to President Samuel Gompers asking him to use his influence to urge upon the steel men the wisdom and desirability of postponing any action in the industrial conference.

While the President today was almost without word as to the manner in which his appeal was received, it was ascertained that he was hopeful Gompers would be able to prevent the threatened strike.

CRITICIZES STAND OF SOME EMPLOYERS.

The President in his address at Des Moines and in St. Paul took occasion to severely criticize employers of labor "who would not discuss labor problems with their employees."

That reference, it was stated, had to do directly with the position assumed by Judge Gary, and it is known that the President was hopeful up until yesterday that the head of the steel corporation would change his viewpoint.

The President's action in sending a telegram to Louis Brownlow, president of the board of commissioners of the District of Columbia, asking him to stay any action which might precipitate a strike

of the President in asking Brownlow to postpone any drastic measures until after the industrial conference, was to give the President in Washington when the situation becomes acute again so that he can personally handle it.

GOMPERS DESIRES TO STUDY PROBLEM.

NEW YORK, Sept. 11.—Samuel Gompers, president of the American Federation of Labor, declined to state today what action would be taken if President Wilson's telegraphic request that he exert efforts to avert a nationwide strike in the steel industry.

"We are all desirous of aiding President Wilson in his efforts to bring about industrial peace," said Gompers, "but before I answer this telegram I will have to give it more serious thought."

NEW MINE AGREEMENT TO BE NEGOTIATED.

CLEVELAND, Oct. 11.—There will be no strike of miners on November 1 with its consequent coal famine, because a satisfactory wage and working agreement will be negotiated by the United Mine Workers of America with the mine operators, according to John L. Lewis, acting president of the organization.

That the convention in progress here, however, will back solidly his recommendations for the abrogation of the federal wage agreement and order for more than 500,000 miners out on strike by November 1 unless a new agreement is reached, is a foregone conclusion, Lewis said.

STAR SHOOTERS DISTURBED BY RIFLE SHOOTERS

The "star gazers" up at Chabot Observatory are tearing their hair in frenzy. Every time a focus is made on some part of the heavenly regions their delicate instruments are "disturbed" and brought out of focus.

Thus a complaint was made today to the Oakland police by Professor Charles Burchhalter of the observatory, asking that an armistice be declared on the reckless rifle shooting in the neighborhood of the observatory.

Oakland's police are cooperating with the observatory authorities and shooting away the reckless shooters.

Chinese Herbs Cure Colds Quickly

Danger of Spanish 'flu' averted in one day by The Sing Herb Specialists

While there is a disagreement of authorities as to whether the Spanish influenza, or "flu" as most people call it, will return this fall or not, it is a very wise thing to take the greatest care of the slightest cold or bronchial infection.

Of all the countries which were swept by the influenza last year, China suffered the least in proportion to its millions of people. The Chinese herb remedies, used for centuries in treating colds and influenza, did their work. One or two treatments are generally sufficient to break the hardest cold or stop the progress of influenza. The same herbs, imported from China, can be had at The Sing Herb Specialists.

READ THIS

To Whom It May Concern:
After having suffered with an extremely hard cold, from which I could get no relief, and fearing an attack of the Spanish influenza, I went to the Dr. Sing Herb Specialists, having heard that Dr. Sing was most successful in treating influenza cases.

I am happy to say that after only one treatment my cold was entirely removed and I may certainly consider Dr. Sing a real doctor. Anyone wishing to verify this statement may do so by telephoning me at my residence, calling Merritt 1775. (Signed) MRS. A. MACK.

BALTIMORE CROWD GREETS MERCIER

BALTIMORE, Sept. 11.—Cardinal Mercier, primate of Belgium, was welcomed to Baltimore by a throng which filled the streets from the railroad station to the residence of Cardinal Gibbons, whose guest he will be until next Wednesday.

Standing on the top step of Cardinal Gibbons' residence he blessed the people of the city, an annual event in religious annals in this country.

Company E of the 17th Infantry from Camp Meade escorted the visitor from the station.

Cardinal Mercier came down the steps of his car smiling, moving easily, more like an athlete than a man of 68.

In the station the two aged cardinals greeted each other cheek to cheek and exchanged the kiss of peace. Cardinal Mercier, tall and stalwart, bent low and Cardinal Gibbons raised his head and their arms were clasped over their shoulders.

A large chorus greeted the Belgian primate in the station with the singing of "Vive Cardinal," while children tossed flowers at the prelate's automobile.

Cardinal Mercier, with Cardinal Gibbons, rested themselves to a battery of movie men.

SLEEPING WOMAN ROBBED OF GEMS

Thieves were busy last night, according to police reports today.

Mrs. Hattie Springer, Hotel Touaine, reported that several articles of jewelry were stolen from her room last night while she was asleep.

Some cash and several personal articles were stolen from the room of Juan Valles, 622 Broadway, the night before.

T. H. Baigre, 1620 Allee street, was almost the victim of a burglar. The thief gave up when he failed to pry a lock at Baigre's room.

Miss Ruby de Parce, who resides at Roslyn apartments, Nineteenth street and San Pablo avenues, was loser to the extent of several articles of negligee.

Some small boys are suspected of breaking into the home of Frank Gasper, 7½ Eighth street, and stealing a large amount of provisions.

HIGH FRUIT CROP.

SACRAMENTO, Cal., Sep. 11.—Sacramento county's fruit crop this year is worth \$6500,000, according to Fred Brooks, county agricultural commissioner, an increase of \$800,000 over last year's yield. More than one-third of that amount represents the return to the county's pear growers for this year's crop. Sacramento leading all counties in pear production.

DOVES, FROZEN IN SOLID ICE, DIVIDED HERE

Six enthusiastic sportsmen today cut apart a huge block of ice in a local restaurant to get their share of several "limits" of doves brought here from Modesto, California, son of Inspector Joe L. A. Knew of the local police force, brought in the solid-frozen game. After a shooting trip on a ranch in Modesto, which among other modern improvements had its ice house, he placed the doves in a tank of water, froze them to ice and brought up the game in the original block. They arrived in fine shape.

Oakland Combed for Missing Boy

All police districts in Oakland were notified today to be on the lookout for Arthur Mendonca, 17 years old, who dropped out of sight Monday from his home in San Leandro.

George B. Mendonca, the boy's father, is in Oakland today, assisting in the search. He said the boy had left home Monday and since then his parents have not heard from him.

Young Mendonca is five feet six in height, weighs 135 pounds, has dark hair, brown eyes and medium complexion. He wore a mixed gray suit.

There is a shortage of 300 tench throughout California. The rural districts are the worst hit, according to state officials.

VICTIM TELLS HOW HE DONNED TAR, FEATHERS

LONDON, Sept. 11.—Desmond Kinahan, naval student and one of the principals in the sensational "unwritten law" case before a court-martial at Cambridge, told his story to the press yesterday. Kinahan said he was first stripped of his uniform by Wright. Then he was chained by the wrists and ankles to a ring in the stocks, which were fastened with padlocks. After tar and feathers had been put on him, Kinahan declared, he was loaded into an automobile and taken into the country, where he remained until discovered the next day. He denied that he had behaved notoriously with Mrs. Wright, and said the husband of Lieutenant Wright pleaded not guilty and Major Mapworth of the British army notified the court that he would aid the defense in the event the trial for assault involved Mrs. Wright directly.

Landowners of the Madera section are reclaiming a large area and also furnish electrical energy. Several plans for the project are now under discussion.

You Buyers of 3½ Inch Tires

You represent over half the tire buyers of the world. You deserve special consideration. Your volume of demand calls for the biggest value.

Recognizing this, Firestone has built a special \$7,000,000 factory for you.

Firestone engineers designed special machinery for your tire and special looms to weave your fabric.

And this factory is operated by an organization all of which is devoted entirely to your requirements.

The methods and machinery of this factory leave no room for errors or flaws.

Result: This special molded tire is the nearest thing to a perfect tire building job that engineering can give you.

Yet by saving from 10% to 30% on every factory operation, you get this extra mileage tire at a price that some pay even for the "off brand" kinds.

You get a 6,000 mile adjustment basis. You get it from Firestone.

Firestone, always in the front in value-giving, now jumps years ahead of the field. And you users of 3½-inch tires get the benefit.

30x3½, non-skid, \$18.00
32x3½, non-skid, 21.00

Any one of the 42,000 dealers who bank on Firestone quality will put these money-saving tires on your car. Have them put on all four wheels and ride at the rate of—

SQUARE DEAL IS URGED BY BISHOP

U. C. Regents Meet Large Deficit Music, Art Center Plans Are Made

"The War and Race Riots" was the topic of Bishop Charles Henry Phillips of Nashville, Tennessee, bishop of the Fourth Methodist Episcopal district of the Colored Methodist Episcopal church, in an address last night at Cooper A. M. E. Zion church, Eighth and Campbell streets.

Justice and a square deal for the negro were urged, and the bishop said that some of the responsibility rests with the colored man also. A change will be brought about, he said he felt sure, in the attitude of some of the courts toward the negro.

"Our negro friends must work to further their own cause," he said. "We must be eager to have justice accorded to the innocent. We must hide no criminals, but must help those in authority to apprehend our guilty and thus prove to the courts that law is the foundation of our society."

Dramatics Classes Will Be Organized

Amateur theatricals in the East Bay section will receive an impetus this fall with the organization soon of class-clubs in dramatics by the Extension Division of the University of California. Professor Charles D. Neumayer of the University Faculty is to direct the clubs which will present one-act plays and make a thorough study of the drama.

Oakland persons wishing to enroll in the class may do so at the Chamber of Commerce, Hotel Oakland, and prospective Berkeley members may enroll at room 301, California Hall, on the campus.

The class is expected to afford interesting recreation and congenial association for young men and women of professional or business vocations.

Sacramento county expects to harvest a \$6,500,000 fruit crop this season.

Hundreds of thousands of brilliant patterns in the latest novelty suitings and a very large variety of staple black and blues.

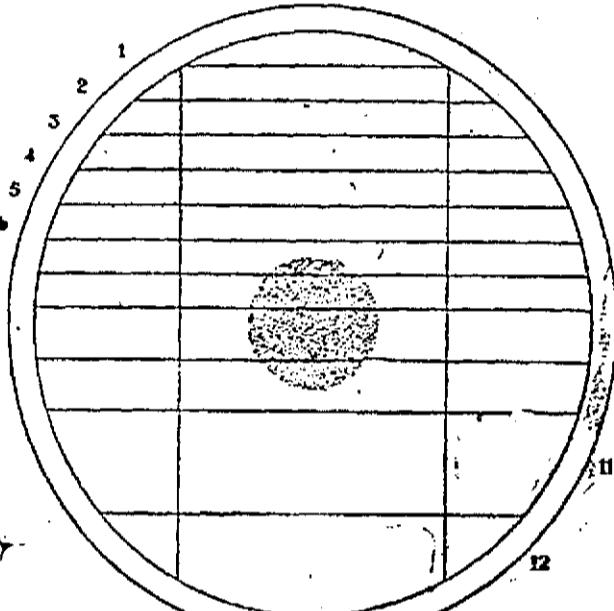

Don't wait—we can serve you best now. Get a suit this Fall that will be artistic and that will fit you perfectly. Let us show you how well we can please you and save money for you. Glad to show styles and quote prices even if you don't buy.

Ray Thrown One-Third of a Mile—Waist High

Stops Glare! No Dimmers

Gives 74% More Road Light

Throws Rays $\frac{1}{3}$ Mile Never More Than Waist High

THE NEW OSGOOD LENS CRAVATH LONG DISTANCE TYPE

Pacific Coast Sales

Break All United States Records on Lenses

All doubt of Osgood Lens supremacy is settled. It passed all tests of our State Motor Vehicle Department and has broken the sales records of the whole United States--absolutely on its merits.

AND the reasons are just these: the Osgood

Lens not only stops glare and saves light from being wasted and diffused, but it throws the light by deflection in controlled rays forward and downward onto the road so you can see every ditch and rut, and even people standing by the roadside. This latter, as every motorist knows, is one of the meanest tests of a road-light we have.

NO lens that cuts your light or breaks up

the rays can ever satisfy your real needs for night driving. You don't need dimmers with the Osgood Lens—and you save all the light there is. You actually get 74% more road brightness. Motorists who were disposed to criticise California's new state law are now glad that it happened.

THE Osgood Lens makes the road safe not

only for you but for those coming toward you. Never mind what old lenses you may now have on your car, get the Osgood Lens at once and be on the safe side as well as the bright side.

TELL your dealer that what you want is

the Osgood Lens; and stick to it. He will be glad to get them for you, though the chances are he has them in stock. Prices \$3.15 to \$4.75 according to size.

DEALERS: You'll find real lens-profits in the Osgood. It is the unquestioned national lens standard. It outsells all others put together, and you don't have to carry a bewildering multitude of different sizes of different makes. Osgood's satisfy every size and every requirement. Complete stocks now ready for instant delivery.

Write, wire or phone.

DISTRIBUTORS

Hughson & Merton, San Francisco, Los Angeles—Louis D'Eyraud, Sales and Service Co., Los Angeles.

HANSLOR & LYON, Exclusive Distributors for Southern California
Los Angeles and San Francisco

Because of increased cost of maintenance and the unusually heavy enrollment at the University of California, it is agreed by the institution's officials and Board of Regents that a certain deficit during 1919-1920 will be met by \$10,000. The coming year shall be met in its entirety. Rather than not care for all students the regents, together with the State Board of Control, arrived at a decision to stand the loss in money. This was the substance of a report issued today as a result of the meeting yesterday.

Necessity for a higher allotment to the school of education, the university's largest department, was acknowledged by the regents, who referred the matter to the finance committee for consideration. At a recent convention of state high school principals and county education superintendents a communication was drafted, asking the university authorities to enlarge the sum applied to California's educational department.

APPOINTMENTS MADE

The Board of Regents announced forty-nine appointments to the faculty, among others being that of Joseph V. Fuller, assistant professor in history. Fuller has recently returned from foreign service, where he compiled records for the Military History Section at General Pershing's headquarters and acted as a special Russian advisor to the peace conference. He is a graduate of Harvard, '1912, obtaining highest honors. His former professorships held at Harvard and Brown University. He is an eastern Europe expert and speaks the Russian language fluently.

Other appointments include the following: Dr. V. E. Ensmel, associate professor of anatomy; Dr. Arthur P. McKinlay, assistant professor in Latin and French, southern branch of the university; T. J. Talbert, assistant professor in pomology; H. D. Dewey, lecturer in engineering; and Louis Mueller, teacher in insurance. Appointments were also made in English, French,

M'HUGO TRIAL SET FOR OCT. 14

Claiming that the foundation principles of the I. W. W. are on trial and that time is required to perfect their defense and bring important witnesses from all over the country, attorneys for James McHugo, charged with criminal syndicalism, asked for and received a continuance of the trial date until October 14, yesterday before Judge Dudley Kinney. The delay was granted because of the fact that the criminal calendar will be overruled until Oct. 14. McHugo was arrested May 28, this year, and the district attorney's office insisted upon trial at an earlier date. The defense claimed the following witnesses will be called:

Vincent St. John, Chicago; William D. Haywood, Chicago; George Speed, Chicago; Paul Brissenden, Department of Labor, Washington, D. C.; J. T. Doran, Seattle, and George F. Anderson, chief counsel of the I. W. W. of Seattle.

Home, Happiness Wrecked, is Charge

Declaring that her married life had taught her to know the real qualities of a home, she turned upon her companion by a mean husband, Mrs. Alma Alma Kurri today filed suit for divorce from Tolvo L. Kurri. She alleges that he deserted her the day of the wedding, and did not return for a month. Upon his return he began beating her, she alleges, throwing her about the house, choking her and calling her vile names.

Afterward he came West, and she believes he had experienced a change of heart, joined him here. But her expectations were disappointed, she says, for within a month he had wrecked her health and hope of happiness by unkindness and overwork.

S. F. Scientist Goes to Photograph Elk

Dr. Barton Warren Evermann, director of the museum of the California Academy of Sciences, will leave tonight for Seattle, whence he will go with a photographer into the Olympic mountains west of Puget Sound to get a moving picture film of the Roosevelt elk which has its center of abundance in that region. Besides Dr. Evermann and the photographer, the party includes Dr. John Van Denburgh, curator of the histology of the academy, who will collect reptiles and batrachians, and C. J. Albrecht, the director of vertebrate exhibits of the state museum, Seattle, who, as a big game hunter, secured the specimen for the academy which will be incorporated in the Van Antwerp group.

WILD STUDY BUDGET

ALAMEDA, Sept. 11.—The council committee of the whole will meet again tonight to continue study of the 1919 budget. The budget is expected to be ready for adoption with the accompanying establishment of the new tax rate, at the council meeting next Tuesday night.

MIIONES PAID FOR FURS
ST. LOUIS, Sept. 11.—More than
\$2,750,000 of furs were sold at the
first session of the annual fall auction
at the International Fur Exchange here yesterday.

MAUDE FULTON SAYS:

Ten friends of mine—
awfully nice people—
came over from San Fran-
cisco Tuesday night to
see our Fulton Theater in
Oakland.

They came to see
"Come Out of the
Kitchen."

I won't say who they
were, but one of them was
an artist and one was a
banker and one was in the
original Henry Miller cast
of "Come Out of the
Kitchen," and two were
young girls, and three or
four were just plain men
—smart men, too.

I WAS SO EMBAR-
RASSED LISTENING
TO THEM RAVE OVER
THE BEAUTIES OF
"COME OUT OF THE
KITCHEN!"

I BLUSHED AND
BLUSHED, BUT THEY
RAVED ON, AND ON.

They said Nana Bryant and Paul Harvey and Emilie Melville and Frank Darien and Jerome Sheldon and Lea Penman and Frank Wallace and Helen Audifred and Merle Stanton and John Ivan and Sam Burton beat any so-called "\$2.00 Company" THEY ever saw.

They said our stage settings were a treat to the eye—rich and lavish, and a DELIGHT.

They said the Fulton Theater was exquisite!

They declared Oakland easily set the pace in theater matters, and

I almost believe them!

And—

I am very proud of "Come Out of the Kitchen" as WE play it. Are You?

And—

I don't think it is wonderful that crowds come and applaud and laugh, and come again.

I believe I would think it strange if they didn't come.

And I look for just as much joy and fun and class and victory next week in David Belasco's comedy, "Seven Chances." I have written Mr. Belasco a letter thanking him for letting us play it.

May I suggest that next week YOU take a chance out of "Seven Chances?"

Thank you very much.
—Maude Fulton

GEORGE NICKEL, SHOT IN LUNG, MAY RECOVER

SAN FRANCISCO, Sept. 11.—With two perforations of his right lung, caused by a bullet fired by V. G. Lapadula, a ranch hand on the Agatha ranch, nine miles east of Los Banos, yesterday morning, George Nickel, son of J. L. Nickel, president of Miller & Lux Inc., is at Adler's Sanatorium, Van Ness and Broadway, making a desperate fight for his life.

The X-ray pictures taken after he had been brought to the city in a special train, which covered the distance in three hours, show that the bullet, entering the right breast from left to right, caused two perforations of the lung before lodging in the right shoulder. The condition is pronounced serious, and the attending surgeons have been unable to operate because of the condition of the patient, under which the patient is shot through the heart. The surgeon, Dr. Morris Herzstein, Dr. Stanley Stillman and Dr. Herbert C. Moffett of San Francisco, and Dr. John Lohse of Oakland.

ASSAULTANT TAKEN

While the wounded man was being rushed to this city a posse formed and searched the country for the assailant, finding him at 7 o'clock last night half a mile from the scene of the shooting. He was located by Pasquale Bisognone, a ranch foreman, riding a long herd of cattle waiting for darkness. He was turned over to the sheriff and is in the Merced jail.

Lapadula is said to have a record as a "bad man" of the range. A year ago he served six months at Merced for firing a shot at a foreman of one of the Miller & Lux ranches. He is 22 years old.

Nickel, who is 23 years old, and his wife divided their time between Articulate from their winter place at Agatha, and the home of Mr. and Mrs. Leroy Nickel, his parents, 2101 Larama street, this city. Nickel is a member of the San Francisco Golf Club and, with his wife, attended the recent State golf championship tournament at Del Monte.

SHOT AT CLOSE RANGE

The shooting occurred at 10 o'clock yesterday morning as Nickel, who is manager of some of the vast holdings left by his grandfather, the late Henry Miller, was opening a gate on the Agatha properties. He had come by automobile from the Ortega ranch, another of the Miller & Lux cattle estates.

He stepped out of his automobile, Lapadula, it is said, approached and had several words with Nickel. Then drawing a .38-caliber automatic pistol he fired at a distance of two feet.

Austrians to Receive Signed Treaty Today

PARIS, Sept. 11.—Dr. Karl Renner, head of the Austrian peace delegation, is due to arrive in Vienna with the signed treaty today.

No, that is Austria's turn out of the race, the conference is giving its attention to the Bulgarian treaty. It is expected that the Bulgars will get their treaty before Sunday.

Lyon will play its part shortly for inspection and approval.

CINCIP NAIATOR

IS HUGE SUCCESS

The "Cincip Narrator" was a huge success.

The name, backward, is "Retraction Picnic," but not the verdict on the good time enjoyed by all the picnickers who attended.

It was a miserable failure to those who were unable to get there.

The picnic was at Ramona park, Danville, and the day the picnickers journeyed thence by automobile from the Hotel Oakland.

There were games for young and old and special prizes for the child. Dancing was enjoyed throughout the day.

A "jazz committee" in charge of the affair, conducted Roll a' Golde, druggist; Gen. Young, ambient medicine; Howard Lockey, homopathic doctor; Frank McHugh, carpet manufacturer; Nat Friend, undertaker; and Larry Moore, crematorium.

Check Charge Lands Laborer Behind Bars

Lawrence Goodmanson, a roof-tace of Oakland, was in the police station when a thief, a Negro, while Tamara, his wife, a woman of the town, as he believed, declared he was worthless, was in custody. Richard McSorley, and Frank Bessell, placed a laborer under arrest on Doreen's complaint, told Judge Mortimer Smith in police court.

Charged with passing a check without having sufficient funds to the bank to make payment, Goodmanson was held to answer in the higher court and his bail was fixed at \$2,000.

Quarrel Leads to Fight and Fine

On the complaint of Dr. J. E. Polson, 3762 Grove street, that he had been "brought down a flight or ten steps when he beat James Alexander in an argument over the chiropractic method of treatment, Alexander was fined \$10 by Judge Polson.

Dr. Polson said he had been treating Alexander's sister for a lingering illness that resulted from an accident. He said that Alexander became heated in the argument on chiropractics and without provocation attacked him and threw him down the stairs.

Mary Letters No. 2

Oakland, Sept. 11.

Dear Myrtle:

Your letter with all the good things about Mary Pickford and "The Hoodlum" in it received. You'd make a grand little press agent for Mary if everything you say about the picture is true.

I regret as much as you do that I missed you. I called up just after you left the house. If I had known that you had gone to the T. & D. I would have trailed you there.

There's no place in Oakland or the West, in fact, where you can get the same kind of entertainment amid the surroundings and the restful atmosphere as you can at the T. & D., and I envy the pleasure you had.

However, if you liked Mary Pickford in "The Hoodlum" as much as you said you did, what's to prevent you from going again?

Tomorrow night is Dad and Ma's golden wedding anniversary. Let's make it a theater party for four and enjoy as you did the lovable little Mary in what you say is her masterpiece.

I know mother and father will enjoy it, and what's more fitting than they should celebrate their anniversary watching a picture that makes the young younger; old folks kids again and all of us glad that there's a Mary Pickford in life who can radiate the life that all of us seek and enjoy when we find it.

I know they'll enjoy the program. They like the music by Marcelli's big orchestra and Herbert Burland's artistic work at the organ. The incidental features to every T. & D. program make it the best show in town.

Be ready at seven so we can all get seats together. They say the T. & D. is doing its biggest business with Mary Pickford in "The Hoodlum."

Affectionately,
JACK.

HERE'S A TIP ON BUYING RUBBER GOODS

Real Quality Is Not Always Easily Recognized.

The real quality of elastic hose, bandages, wristlets, supporters is not always apparent to the average customer.

The grape of silk and the amount of pure gum rubber constitute the main elements of wear.

Some people worry along with a poor brush because they think they cannot afford the luxury of a good one.

In such a case, a good brush would make a splendid present.

We have, by the way, the largest assortment of brushes of all kinds of any store in Oakland.

ARE YOU USING YOUR KODAK?

Everyone should be interested in Kodaking.

Even the children should have Kodaks and be taught to take pictures.

Think of what you'd give for a set of snapshots depicting your childhood days! Imagine, if you can, the value of a complete set of photos of all your many enjoyable outings.

Kodaks today are presenting history that twenty years from now will be invaluable.

Isn't there some one you can start on the road of Kodakery?

EVERSHARP LEAD PENCILS \$1 UP

A few years ago, fountain pens were used by a few people.

Today, they're in general use because their practicability has been established.

Ever-sharp pencils are going through the same process.

Today but few people use them because the ever-sharp screw and plunger mechanism has improved.

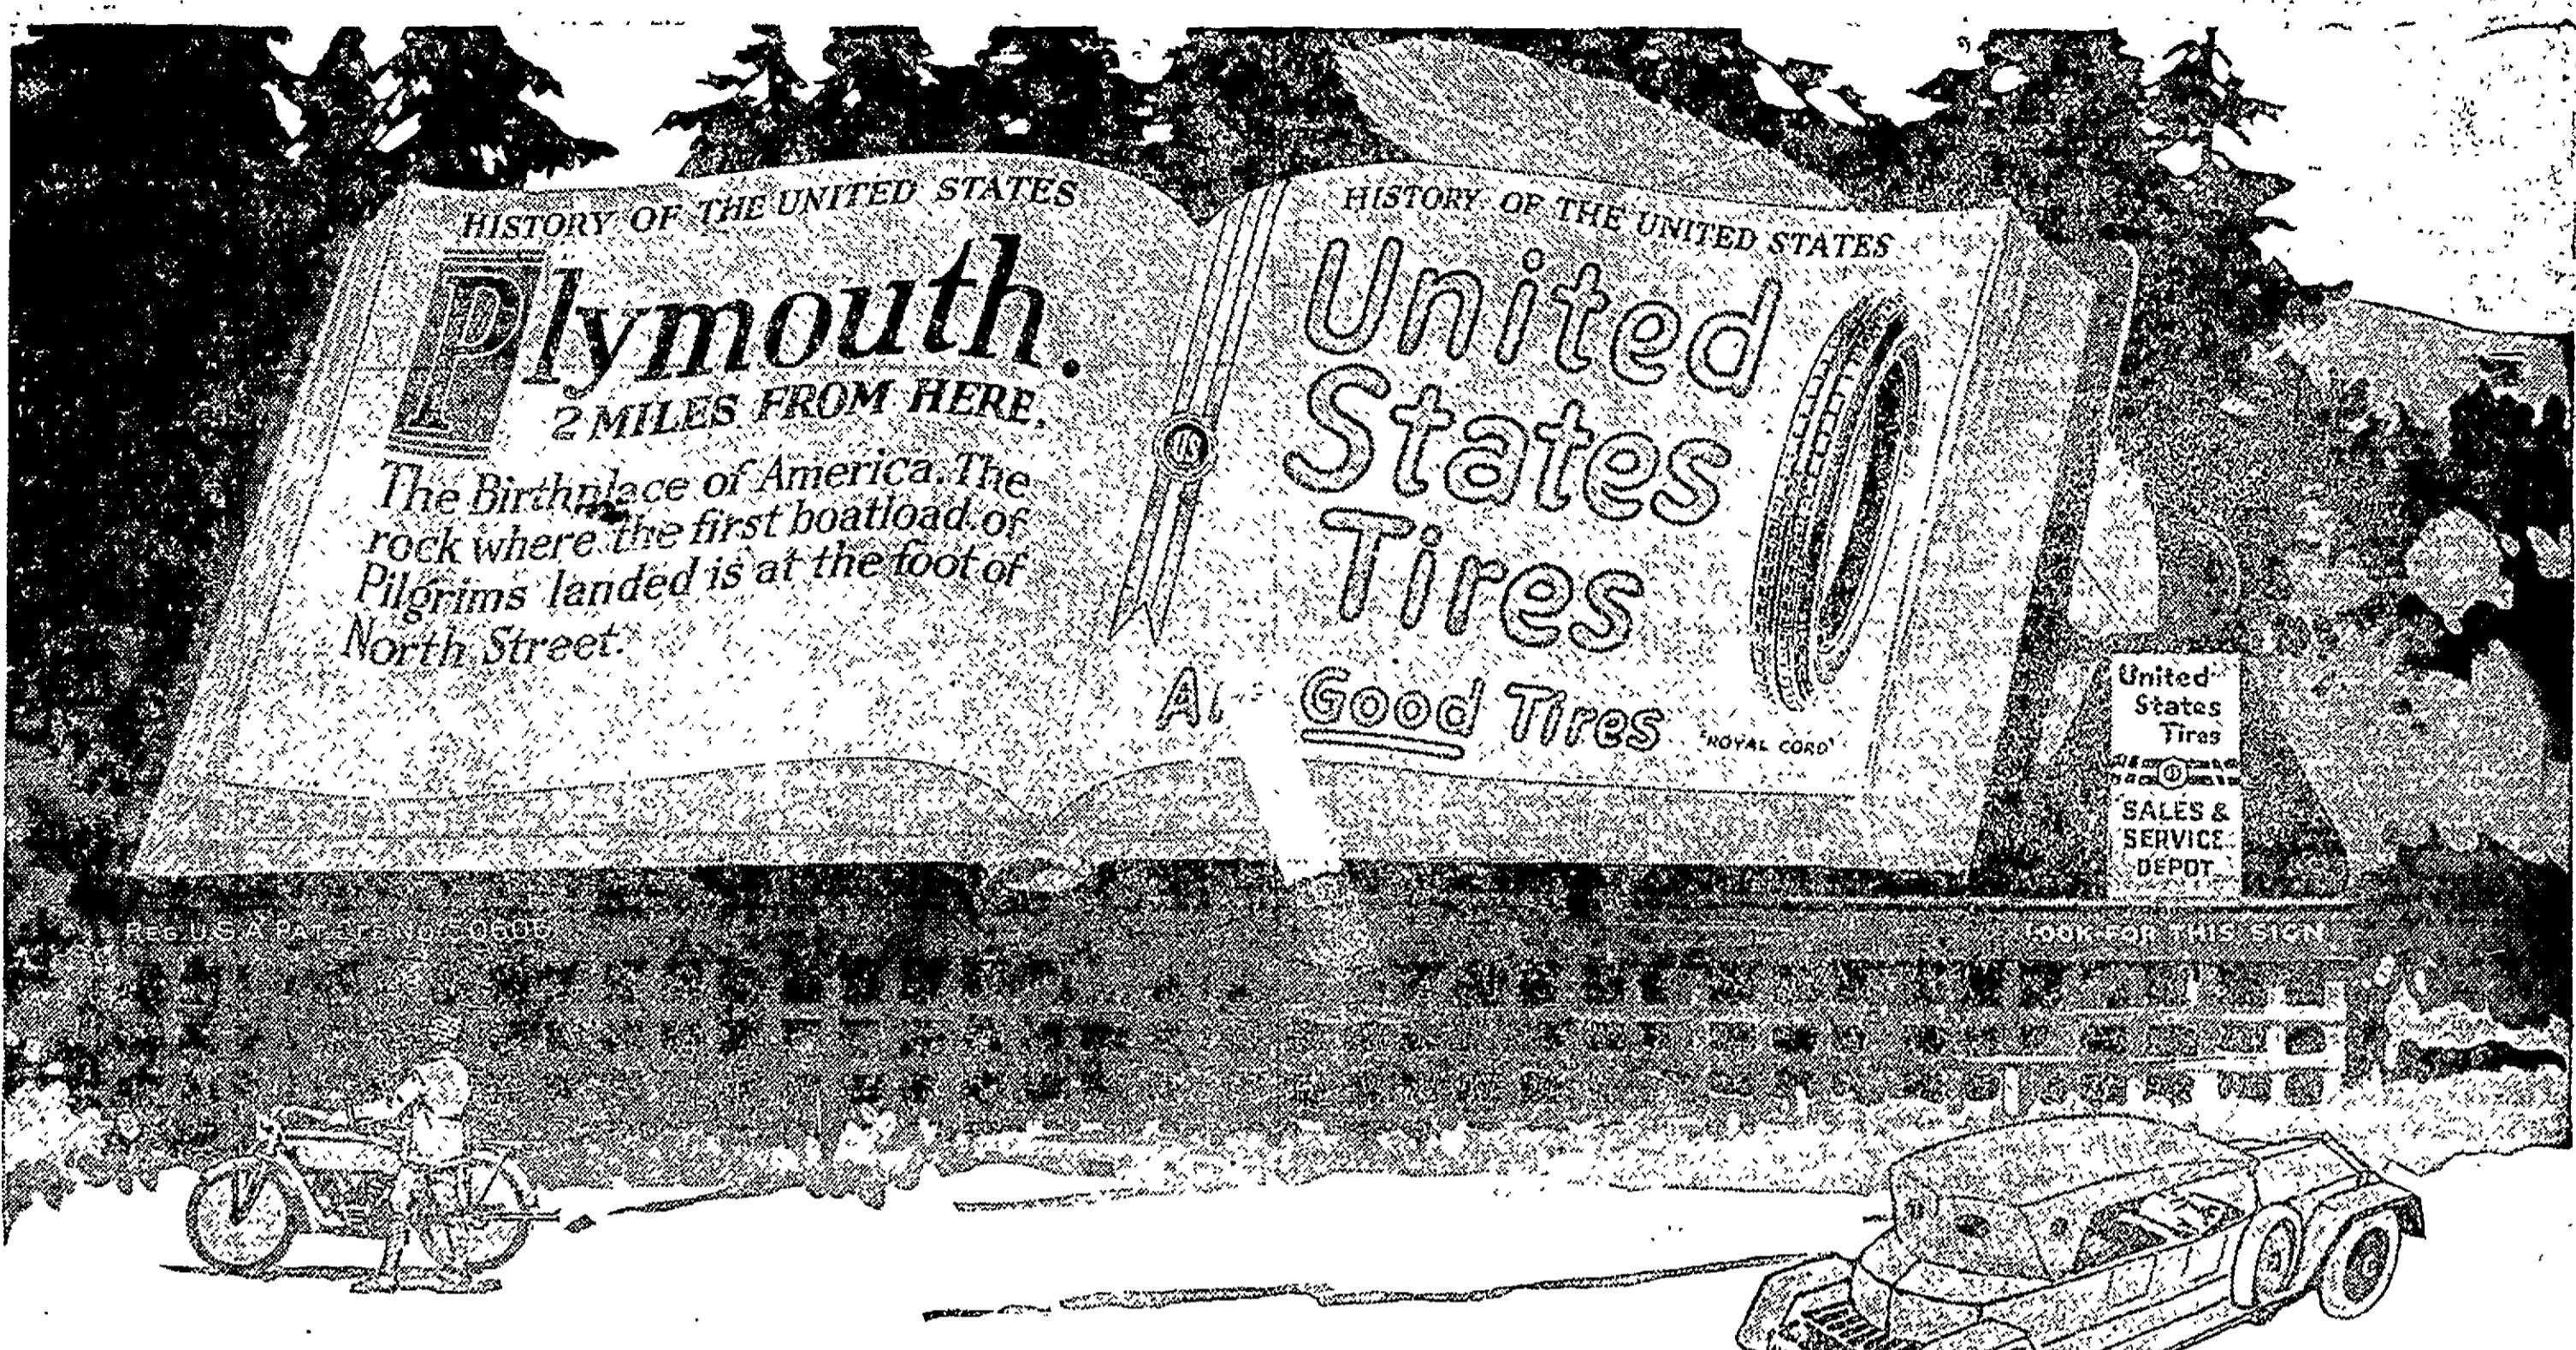

This assures the babies of our customers the freshest and best to be used.

Unless you are certain that you are getting the best, you'd better go yours at our store and be sure.

FOR TIRED FEET

Are your feet tired when you get home at night?

Did you ever try Bowman's Foot Comfort

Road Signs that Point the Way

Hundreds of United States Tire Historical Bulletins have been erected at memorable spots on America's highways —many of them at requests of Chambers of Commerce, Boards of Trade and other municipal bodies.

These signs mark the way to places of unusual interest. They also point out clearly the short, straight road to tire satisfaction.

By sheer merit, United States Tires typify the uttermost in present day tire achievement.

THURSDAY, SEPTEMBER 11, 1919.

THE STATE FAIR.

Judging from the concrete results of attendance and gate receipts the California State fair is advancing in popularity as an institution in the productive life of this State. The sixty-fifth session, which closed at Sacramento Tuesday, was visited by no less than 150,000 persons. They came from all sections of the State and a few from other States. Seventeen counties sent formal exhibits, which was 50 percent more than the number participating last year.

In estimating the success of this last fair it is important to note the fact that the great demonstration of welcome to the ships and men of the new Pacific fleet in San Francisco bay and at several coast cities to the south detracted from the popular interest in the Sacramento show and actually competed during the first half of the fair period in drawing visitors. Furthermore the railway strike which was on in the last week of August caused thousands of citizens to alter their plans to go to Sacramento and the withdrawal of several proposed exhibits and the delay of many others in being installed.

There was, however, a deeper significance in this year's fair than the large number of visitors under adverse conditions. The exhibits were more impressive in number and quality than ever. To those who had attended the State exhibition of farm products and livestock for several years it was plain that much progress is being achieved by the agriculturalist. Cattle raising, for example, shows the influence of better methods of breeding and feeding. Both dairy and beef cattle were of better quality and larger variety than ever before. Experts pronounced the exhibition of Holstein cattle to be the most comprehensive that has ever been witnessed in Pacific Coast States.

Hog raising showed great improvement both in breeding and in extent and variety of production. To the uninitiated it may be surprising to learn that one exhibitor of Duroc-Jersey hogs refused an offer of \$75,000 for twenty-five head of brood stock. This is evidence that at least some of the farmers are beginning to appreciate the importance of producing the best in any given line and that they also know the value of their products.

Similar improvement was to be noted in the exhibits of sheep and poultry; of fruits, cereals and vegetables. Indeed, the factor of "scientific" breeding, selection and cultivation loomed larger than at any previous fair.

The results of study, education and intensive effort to increase quality in agricultural pursuits require much patience and can be measured only in cycles and generations. Californians have only recently reached the point where they can view on a large and comprehensive scale the benefits of a work which a few determined pioneers started several years ago.

It may be taken for granted that the lesson will not be lost, but that the benefits will in the future multiply very rapidly. For this reason the State fair has become of increasingly higher public value each year. Its usefulness will continue to grow. Every county should be represented at the fair next year and preparation should begin now for a truly representative participation. On its part the State government should see to it that adequate provision is made for housing and caring for the exhibits and in otherwise giving to this institution the widest possible effect.

The East Indians dwelling on the island of Fiji have circulated through the United States an appeal to the British government that in the present readjustments of governmental frontiers Fiji be not placed under control of Australia or New Zealand. It is represented that the Indians are in the majority in Fiji and they prefer to be under the administration of India, if a rearrangement of the British empire is to be effected. Fail-

ing in this object they would rather be governed directly from Downing street than to be included in the commonwealth of Australia. This plea appears to be very reasonable, but why should the East Indians of Fiji harass the United States with their troubles? How soon will the general assumption that we are the champions of all the political malcontents of the earth cease to plague us?

INFORMATION WOULD HELP.

An interesting decision was reached by the National Association of State Attorneys General at its annual convention last week in Boston. This was that the legal department of each State should make an immediate attack upon profiteering and the high cost of living. As was naturally to be expected, the idea of the legal officers of the several States is that they should propose uniform legislation for the purpose of preventing the taking of extortionate profits in the sale of necessities, and the curbing of profiteering and the effecting of a general reduction in the high cost of living.

When an officer of the law department of the government, and in most cases a member of the legislature, approaches a problem he is sure to think in terms of laws and more laws. Time to him is seldom of the slightest importance. It would do but small injustice to conclude that as a general rule an attorney general would propose new legislation to reduce actual starvation notwithstanding that the law-making body might not convene for years. He would in all probability fail to recognize the delay of enacting laws and their testing in the courts as having any relation to a starving man's appetite.

It is apparent therefore that the attorneys general of the country, if the Boston resolution is symptomatic of their judgment, will contribute nothing of consequence to a reduction of the cost of living. Plainly temporary palliatives must come from another source and steps toward a permanent readjustment must be taken by others.

It is interesting in this connection to recall that other nations are facing the cost of living and are meeting it with more or less success. They are not enacting a lot of new laws, yet they are removing the fictitious influences for higher prices. Other governments are finding effective remedies. In this country governmental activities are mainly confined to talk and pretense at searching for remedies.

The French government has definitely turned down all suggestions for price fixing in time of peace and has adopted a policy of instructing the public. It is giving the consumer complete information as to the price the producer receives for his goods. This enables the consumer to ascertain at once whether the middlemen are taking more than a reasonable toll. The French housekeeper is not helpless when she is charged an exorbitant price for a household staple. She can demand an explanation and if she does not get it from the retailer the government will. In this way the moral factor in trade asserts itself.

This system may not be the best than can be devised, but certainly it has much to commend it. Reasonably quick action is one virtue. In California the farmers complain volubly that they are not getting any benefit from the high prices charged the consumer. Why not let the consumer know just what the producer receives, and do it in a systematic, thorough manner? The attorneys general might do much more in this connection as plain citizens than they can ever hope to do as official lawyers.

President Wilson's nation-wide speaking tour is at best certain to tax his physical strength and to detract from the normal vigor which will be in demand when he returns to his official duties at Washington. It would seem that he would save much of his energy if he would confine his many addresses to a calm, straightforward exposition of the provisions of the peace treaty and League of Nations covenant and refrain from heated oratory reference to opponents of the league. An even temper is one of the greatest aids to healthy work.

A. WATCH ON IMMIGRANTS.

The President has submitted to Congress a request that the extension for one year after peace of the act to prevent "in time of war" the departures from or entries into the country "contrary to the public safety" shall be formally proclaimed. There is not likely to be occasion for preventing departures when peace has been established, and if the power to do it is retained it is not likely to be used to any extent. There has been a good deal of doubt about the extent to which immigration would be renewed after peace conditions returned, but it is stated by the President that information from Government agents in foreign countries "indicates that as soon as restrictions on travel are removed many persons will seek admission to this country," and that among them will be not only persons that are undesirable for becoming citizens, but some whose origin and affiliations make it undesirable that they should be permitted to enter the United States." An appropriation of \$750,000 is asked for to carry out the provisions, and in urging it the President says that the established organization abroad is "almost overwhelmed" by the increase in the number desiring to get over here, and is likely to have its means of keeping up its activities exhausted in a few weeks.

There is now considerable restriction upon immigration generally, which will continue after peace is established, and there has been a general apprehension that the number coming over here in search of employment or with a view to becoming citizens will be much less than it was before the war. What evidence there may be to the contrary is not presented, and it is not made clear why it is supposed that dangerous "desirables" will come if the special passports now required from consular officers are no longer necessary.

Some one knew how to handle what little equipment there is. Perhaps some one is to blame for that. At the water test Thursday morning one length of hose on the cart used was burned in two. Another length had a battered coupling and could not be connected up. Some one was to blame for that too, as it would have been useless at a fire.—Los Banos Enterprise.

NOTES and COMMENT

The governor, in his Santa Ana speech on Admission day, is reported to have said, "California cannot sleep on the honors of her pioneer. You have to think it over a while before you can get it. And then you may possibly take issue with the apparent idea, and hold that every era of California has justified itself, as well as every generation of Californians."

* * *

However untoward some things are, the Mexicans must have their music. Caruso is going there to sing at \$7,000 concert. It is interesting to wonder how he would come in this comparatively tranquil land on such terms.

* * *

We are advised as a matter of news that the fleet fails to

increase fresh meat sales." Which

may be somewhat surprising, but none the less gratifying, as increased demand might have furnished excuse for another boost in prices. The ships are represented to have brought their own meat.

* * *

The American citizen who is convinced by evidence still has an open mind as to whether the President is making headway in bringing the majority around to his way of thinking. The shouting of opponents and proponents only adds to his confusion.

* * *

It is something of a surprise to read that some of Esteban's soldiers have mutinied. It was supposed that he had the affairs of his side-pocket domain thoroughly in hand. Esteban's soldiers are not in the general category of Carranza's, but they give evidence of being of the same general mixture.

* * *

The third Marshall Field has landed a big sword fish at Santa Barbara, which seems to be an important item of this day's news. It makes a big difference whether the man who catches the fish is the richest young man in the country, or whether he is just a fisherman.

* * *

There is no doubt about General Pershing being a regular hero. A girl made a move as if to kiss him, and he bravely informed her that she "mustn't do that."

* * *

It is curious about prices. When the war was on, and we had to do a big stint in feeding the world, it was reasonable that prices should go up. But after the war, and when crops are more bountiful than ever before, prices keep on going up. And the explanations fail.

* * *

The ginger highball is the favorite camomile. It is exactly right as to color; but it is not safe to purvey as it has been demonstrated at Pismo Beach, where two enterprising persons were fined \$100 each for serving it. However, no one can pretend that all the attempts in that line are detected.

* * *

Evidence in the spruce probe that spire for airships cost a dollar a foot is painful, but not surprising. It is beginning to cause remarks, however, that so many government agents in so many of the war enterprises seem to have been selected with reference to what they did not know about the matter in hand.

* * *

The Tracy Press contemplates our poliglot population. "With Japs in the orchards, Russians in the beet fields, Mexicans on the railroad sections, Italians and Americans in the mines, Hindus on the road work and Greeks everywhere, the native-born American has yet two industries open to him—burglary and politics."

* * *

Somewhat involved understanding of the Redding Searchlight editor: "When we read some of the political hogwash, in some papers we can understand why our circulation continues to grow."

* * *

The showers are untimely and will produce complications for the pumice and tuffin men. And they will furnish a peg on which to hang excuses for boosts in prices, whether the complications are serious or not.

* * *

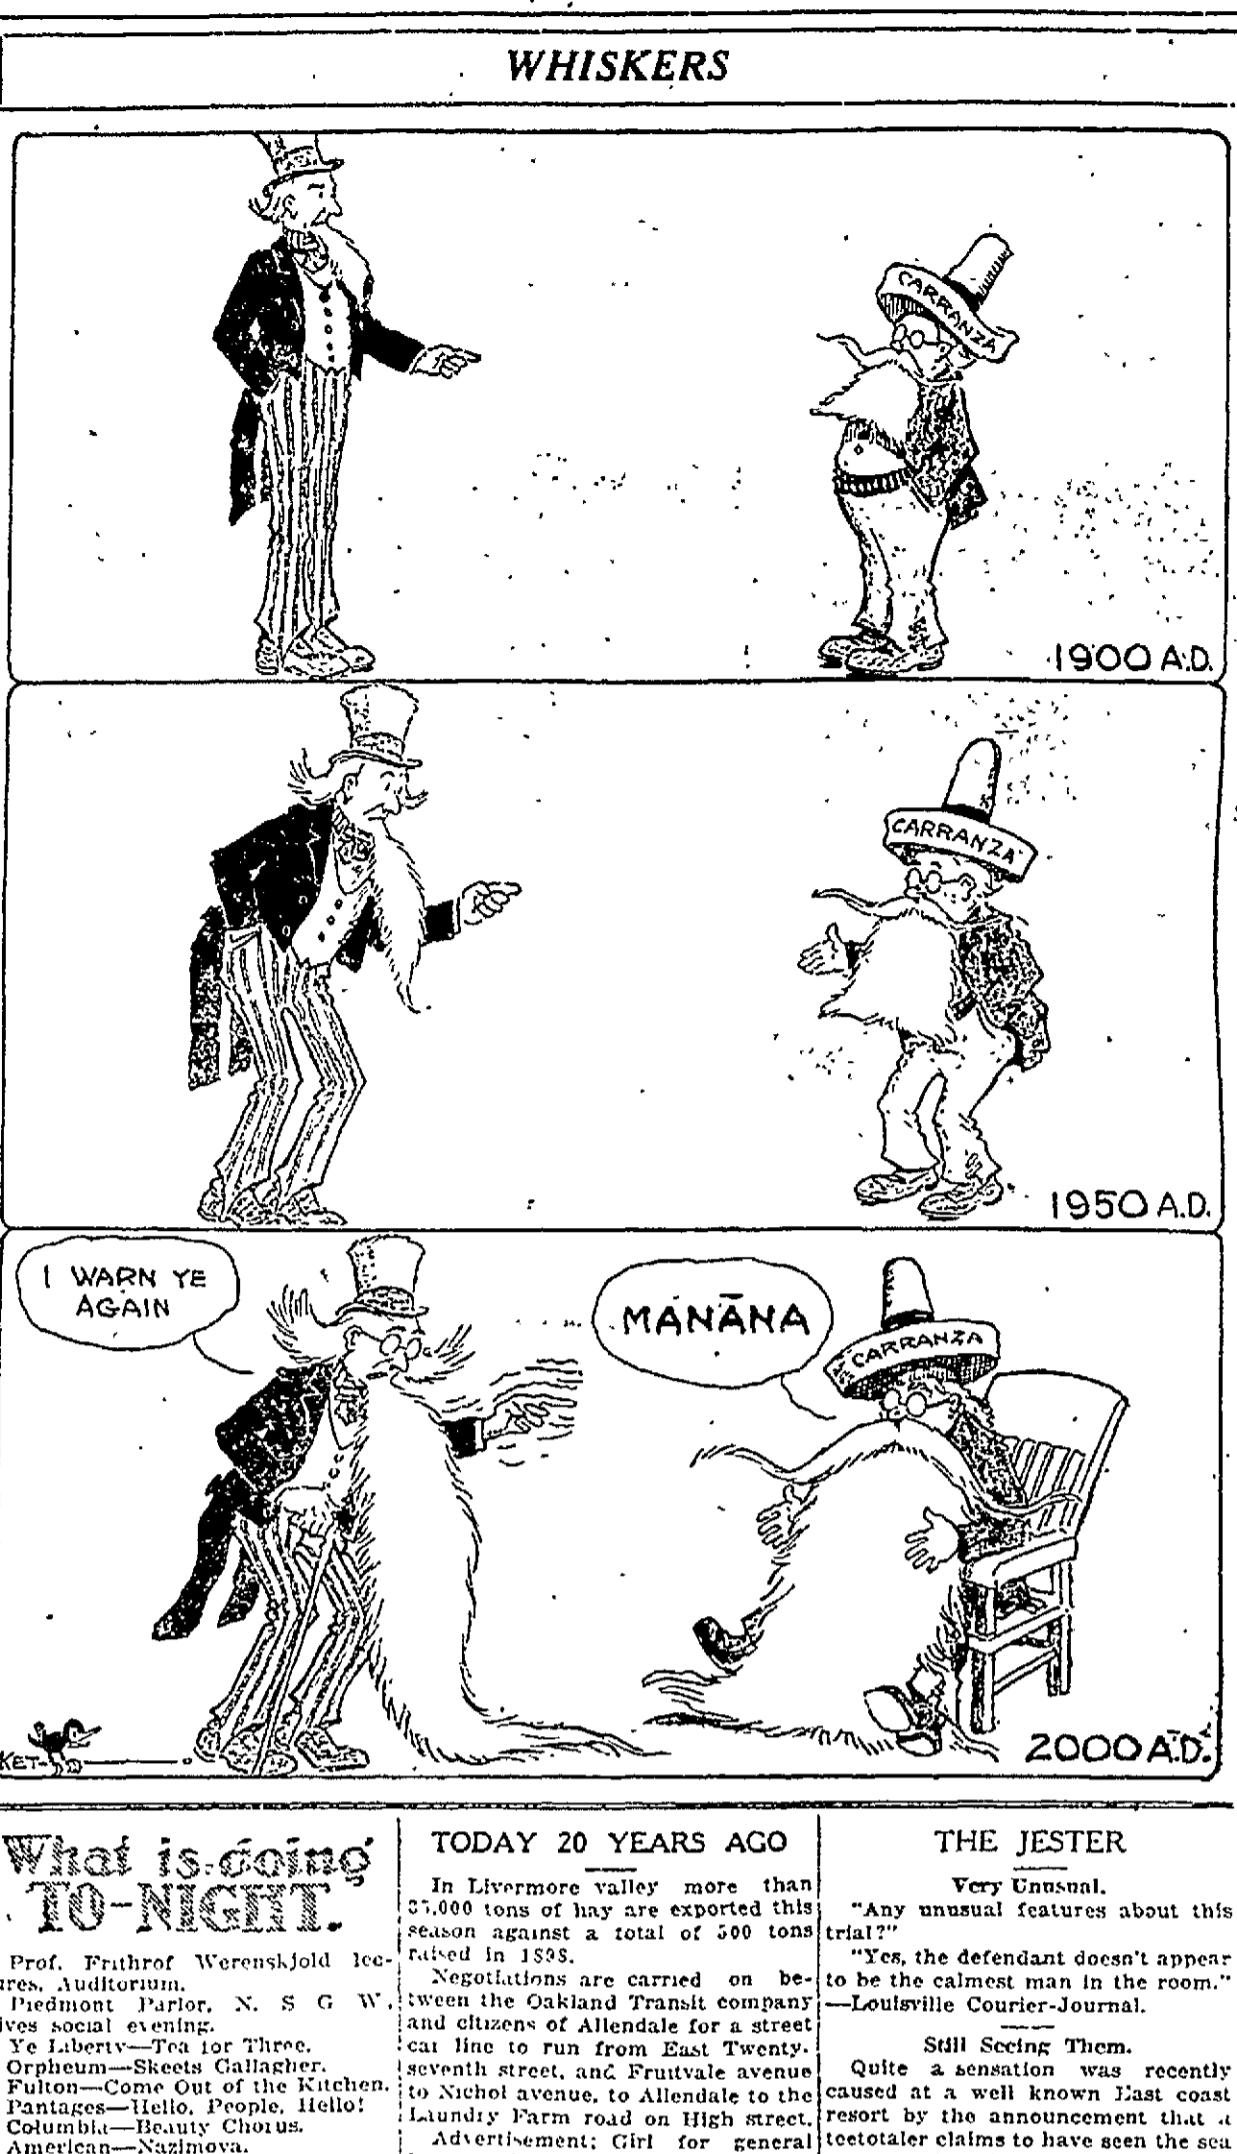

SPIRIT of the STATE PRESS

Fred Oshorn and Raymond Reid, the young men arrested by Sheriff Taylor for the theft of a Chandler car in San Francisco, and for burglarizing three business houses in San Jose yesterday afternoon. Before leaving the county jail Oshorn admitted that the arms, creditable found on him, purporting to be those of Fred Oshorn, had been stolen, and that his real name is E. W. Lery.—San Luis Obispo Tribune.

Mayor Roiphe of San Francisco made himself the laughing stock of the bay district on Tuesday, says the highly decorated Palace hotel doorman keeper into the machine with Secretary Daniels. More than likely the mayor, who is no snob, did it a purpose to give the secretaries a taste of real democracy.—Chico Enterprise.

It has been difficult to fix responsibility for the poor showing made in fighting the big fire. No one is willing to assume too much blame. The water service was bad. Some one is to blame for that. There is no fire department and no one knew how to handle what little equipment there is. Perhaps some one is to blame for that. At the water test Thursday morning one length of hose on the cart used was burned in two. Another length had a battered coupling and could not be connected up. Some one was to blame for that too, as it would have been useless at a fire.—Los Banos Enterprise.

A
NO. 25

MARKET FETE WILL BE LIKE SPOT IN PARIS

City Hall Plaza to Be Transformed Into Brilliant Scene; More Supplies Are Needed for Big Sale to Be Held

By tomorrow's sun-up, the stage will be set for the Market Fete that transmutes City Hall Plaza into a brilliant corner of that dear Paris, beloved of student painters. Color will splash all over the place, inducing a dozen or more up-and-coming painters to set up their easels around the plaza on Saturday morning for notes for future canvases for Oakland's fairest maidens and smartest matrons will inhabit the tent-town of merchandising from dawn till midnight.

A pathway of light will run round the plaza when twilight falls—a path of gold lighting up the greenery that lines the booths.

Contributions are coming in merrily to room 198, City Hall (Phone 3610), of all sorts of conceivable things that will regulate what should possess, bar tons more are needed—there are 100 children in the Ladies' Relief Home and other charges, and it takes money and more money!

Committees in addition to those announced yesterday are: Gum—Mrs. Horatio Bonestell, chairman; Mesdames Fritz Henshaw, Thomas Hogan Jr., Harry Houghton, George Witham, Cary Hill, Landers Iden, Charles Lovell, Harry Pendleton, and the Misses Dorothy Howe, Anna Allen, Gray Bonestell, Emma Services Bonestell, Dorothy Salt, Edna Erickson, Gregory Childs and a group of girls from Miss Hanson's other high schools.

Fowl—Mrs. Edgar Holmes Lyon, chairman, the Mesdames Irving Culver, Floyd Larkin, Clement Rowland, Frank Wheden, Lawrence Lynch and Herbert Gray Hill.

Cakes, crackers and bread—Mrs. James Dunn, chairman, Mesdames Louise Allender, Churchill Taylor, North Dewey, Charles Neal, and the Misses Conneau, Betty Allen and Dorothy Dunn.

**Confessed Deserter
Held for Burglary**

LOS ANGELES, Sept. 11.—Earl Miller, 18, and James R. Boring, 16, both said to live in Atlanta, Ga., were arrested here today after a case by police in which several shots were fired and held on charges of burglary. They are accused of robbing a hardware store of goods worth about \$50. Fuller, according to the police, admitted he had escaped from Fort Leavenworth military prison, where the police said he was serving 30 years for desertion, time of war.

LECTURE ON PSYCHOLOGY:
Albert H. Elliott, attorney for the Pacific Gas and Electric Company, will speak on "Psychology in Every Day Life" at this evening's meeting of the Oakland Club of Applied Psychology. The meeting will be at the hall, beginning at 8 o'clock.

**Committee to Hold
Postponed Meeting**

The monthly meeting of the manufacturers' committee, Chamber of Commerce, will take place tonight at 7:45 o'clock in the chamber's headquarters. This meeting was originally intended for September 4, but owing to the fleet celebration and arrival of the motor convoy it was thought best to postpone it until this late date.

**Business Men's Club
to Entertain Guests**

Business men from San Francisco, Sacramento and San Jose will be entertained soon by members of Oakland's Progressive Businessmen's Club. Plans are now under formation, following adoption of a resolution last night at the organization's regular meeting in the Hotel Oakland, whereby branch and valley commercial leaders will receive hospitality here. It was decided to hold another meeting of the club next Wednesday noon, when further plans will be discussed and adopted.

NAN ALLEGED COUNTERFEITER
LOS ANGELES, Sept. 11.—A. T. Savitz is under arrest here today charged with counterfeiting following a raid on his room late yesterday. Federal authorities claim to have found copper plates for making \$10 and \$5 Federal Reserve notes.

These interesting daughters of the Orient have in charge the Tea Booth at the Market Fete at the City Hall Plaza on Saturday. They are, from left to right, MRS. J. T. YEE, MRS. ELIZABETH CHUNG, MRS. C. G. LEE, MISS MANSIE CHUNG and MISS MURIEL WOODWORTH.

**Have Your Dime
Handy; Be Tagged
For 100 Kiddies**

Another day and then—
The Market Fete!
And the Nickel Dance!
And the Business Men's Luncheon!

And the auction of amazing things in the Novelty Booth!
And the thrill of "Your Fortune Told!"

And bargaining for Sunday's Dinner!
Prices?

Regular Market Quotations!
And Change Back!

Remember that, change back!

But—

Have 10 cents handy when you fare forth on Saturday morning, for you must be

TAGGED for the 100 kiddies that are cared for in the Ladies' Relief Home!

You'll want to wear that "Tagged for the Babies!"

So have your Dime handy!

**Autopsy Reveals
Mysterious Murder**

LOS ANGELES, Sept. 11.—An autopsy, performed to determine the cause of the death of Andrew Herman, aged German of Los Angeles, today revealed that he died from a gunshot wound at the base of the brain.

The wound had not bled and had been so hidden by hair that the first examination had revealed no marks of violence.

Authorities believe Herman was murdered and have started an investigation.

**FRANCE HONORS
U. C. MAN WHO
MADE WAR GAS**

BERKELEY, Sept. 11.—For his services as head of the Chemical warfare branch in the American expeditionary forces in France, Professor Gilbert N. Lewis of the University of California has been made a chevalier of the Legion of Honor by the French government.

Word of the honor came to the university man yesterday from General Pershing. Professor Lewis, who is a member of the department of chemistry at the state university, served as a lieutentant colonel in the chemical warfare section of the American army in France. As a result of Lewis' efforts gases and other weapons of war were developed, as well as means to combat the attacks of the foe.

**TRAIN IMPERILED
BY TIE ON TRACK**

BERKELEY, Sept. 11.—Small boys placed a railroad tie across the tracks of a south-bound Southern Pacific electric local yesterday. The tie was discovered in the Northeast tunnel barely a second before the train would have crushed into it. Prompt action on the part of the motorman saved the overturning of the car directly in the path of an approaching north-bound train.

The emergency brakes on the car were applied and passengers were thrown from their seats by the sudden stop. Owing to the poor light it was not discovered until the train was within a few feet of it.

Autumn Furniture

Great carloads of new furniture are arriving daily at Breuner's. There will be no scarcity of furniture here this Fall, but a wide selection covering all styles and qualities of home furnishings, from the modest priced to the elaborate and costly.

Luxurious Leather Chairs

Among these early ar-

rivals are many roomy

arm chairs and rockers

of genuine leather.

These well-wearing

chairs are in perfect

taste in practically any

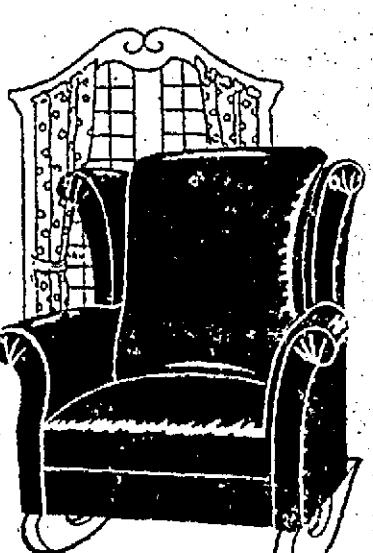

type of room, and are

the last word in com-

fort. Many different

shapes and styles are

shown, priced from

\$57.50 to \$120

Imitation leather chairs and rockers, in shapes very like the real leather chairs, may be had for \$27.50 and \$37.50.

The usual easy credit terms apply on any of these articles

Baby's Bedtime Nest

When chubby fists rub drowsy eyes, and the little head begins to droop, baby admits that his crib is the most important piece of furniture in the house.

Mothers who are needing to buy cribs this fall will find many to choose from at Breuner's. The Simmons crib illustrated is an excellent crib of white enameled wood, with link fabric springs. It is the regulation size, 30x54 inches, and is reasonably priced at \$16.00.

Terms \$1.60 down—\$1.60 monthly

Two University of California Extension Courses of especial interest to home furnishers

"Salesmanship for Decorators" opens Tuesday, Sept. 16, at 7:30. "Principles of Interior Decoration" opens Thursday, Sept. 18, at 3:30 and 7:30.

CLAY AT FIFTEENTH

BILL LARUE WILL ASK FOR RETURN MATCH WITH CARL MORRIS

UNIVERSITY OF CALIFORNIA FOOTBALL VETERANS TO SIGN UP FOR VARSITY TOMORROW

LARUE IS INEXPERIENCED
AFTERMATH OF THE BIG FIGHT
FORGOT TO PROTECT JAW

By BOB SHAND.

To the sporting editor's desk yesterday came a big package marked "RUSH, IMPORTANT!" The wording was so imperative that he was hastened to ascertain the nature of the contents. Perhaps it was a new challenger for the crown of Jack Dempsey who had knocked some contender silly. Maybe it was news of a big league ball player coming to the Oaks. Tearing off the outer covering a package of photographs was discovered and who should be the subject but Bill Larue. Here was Bill in a variety of poses. He was boxing with a bathing girl, paddling his own canoe in the Alameda surf, standing on his left foot and also on his right foot. Every imaginable pose was there. It was a wonderful collection but right at the same moment the busy scriber was telling how Carl Morris had knocked poor Bill for a goal in the second round of their fight at the Auditorium. But for the trifling accident of Carl's big glove landing on Bill's unprotected jaw the pictures would have been splendid. And a similar package of pictures was delivered to all the subscribers of a certain news agency. Had Larue won his very latest pictures would have appeared on sport pages all over the country. Now they are in the well known "file."

Larue was about town yesterday apparently none the worse for his experience Tuesday afternoon. Bill simply forgot to duck when Morris let go that left hand and later forgot to cover his chin. It was lack of ring experience that brought about the downfall of the local champion. Morris would probably have knocked him out anyhow but had Larue had some real experience he would either have wrapped his gloves around his chin when he was hit the first time or he would have rushed into a clinch. As it was Morris got him up against the ropes and poked him on the jaw Larue did not know what to do. His eyes got glassy and he slipped down the ropes—a mark for the punch that followed. Prior to this Bill showed poor judgment in trading punches with the Sapulpa giant. He would have had more luck had he danced around his heavier opponent and jabbed him. However the post-mortem stuff does not do Bill any good. He will have to start all over again.

Jack Russell, manager of Morris, came very near tossing a bloomer when Larue was knocked to the floor. Russell jumped up on the edge of the ring and was coming through the ropes when one of the other seconds grabbed him by the arms and pulled him back. Russell cursed and stormed but the second held him until Larue had been counted out. Had Russell entered the ring before Morris was declared the winner his fighter was in danger of disqualification. According to the rules Morris would have been the loser even though Larue was unconscious. However a technically like that would have been overlooked in this particular case but Russell had better be careful or he may cost some of his fighters a victory. Morris saw Russell trying to get into the ring and waved him back but Jack was so excited that only brute force kept him outside the ropes.

Morris is sticking around and is ready to meet any of the white or dark horses on the horizon. Al Norton and Jack Thompson are on the ground ready to give battle to the conqueror of Larue and one of them will be matched with the Sapulpa giant in the course of the next pair of weeks. Promoter Tommy Simpson wants to stage a lightweight battle next Wednesday and then come back with the big fellows. Frankie Burns and Frankie Malone have been offered nice medals for their services and they are considering the matter. Another Frankie—Parren, wants to horn in on the argument and he would like to meet one of the Oakland Frankies either here or at Louie Parente's San Francisco Club next week.

Willie Meehan and his new manager remained in partnership just as long as was expected. Tuesday night Dem Gav, a Reno sporting man, made the announcement that he had signed Meehan to a two-year contract and would soon have the phonet one ready for action. He was willing to send the ex-falter against all the local heavies in order to clear the path for a scrap with Dempsey. Then Meehan read all about it in the papers and he proceeded to hunt up Gay. "Where you get that stuff at that you're my manager for two years?" he asked Gay. Dem told him that was what the paper said and that Willie signed. "Then, if that's the case, lemme have that paper back," demanded Meehan. Gay was not willing to let go of the contract, so Meehan simply stepped in and took it away from the Reno man. Meehan is a big fat guy and Gay's a little skinny guy, so Willie had no trouble in winning the decision. It seems that all Meehan wanted Gay to do was to get him a fight with Jack Dempsey. If his new manager succeeded in doing this he was to get a certain percentage of Meehan's box, but of course Willie absolutely refused to be dictated to by Gay or anyone else. Jack Kearns is said to be the man responsible for Gay signing in the first place, the idea being to work up interest in a Meehan-Dempsey battle.

Varsity Squad Santa Clara Will Practice Footballers Next Monday Keeping Busy

By DOUG MONTELL
UNIVERSITY OF CALIFORNIA Sept. 11.—The football situation at California is becoming more and more interesting as each day rolls by and tomorrow the big event of the season comes off—the Varsity game up. Not that during the past three weeks the campus has not been fully alive to which men would be out for the team and all that has never left the formal sign-up where veterans and novices were to be seen. Don't you see, however, that their intention for the coming gridiron season always holds a certain element of uncertainty? That makes one feel that the season is actually on a last.

The Varsity will be out for first work of the following Monday, according to Andy Smith, the Brain chief, and while much is known of the veteran material that will be up, the young men of the class of 1920, the Froshes, are two more acquisitions to the Horseshoe machine. The latter during his sophomore year was in the vicinity of Atlanta, Ga., and while there played on an all-star team made up of the country's best university football players. He is now due to drop down from the tall ranks of Jacsonian Anator count. A Bob Garrison, his classmate with whom he has been in close contact, is a student at the University of Michigan, Ann Arbor, and is estimated to be a good prospect for the first squad. Still it is impossible to estimate correctly just what size a sign-up will be. A large squad is expected, view of the unusual large enrollment and the fact that the freshman squad will more than double its present number of training.

Practice is continuing daily for the Brain Babes, who are now in full training and in shape. Nothing, though, is on the bill for the Brain Babes this week in the way of a game, the first scheduled game being with the Olympia Babes, the other being the show-down with the Winter Olympians. Admission Day against the defenseless gobs from the U. S. Boston the Bear Babes will do well to put in overtime in training that they can make up for that date.

OLYMPIC CLUB HAS STRONG FOOTBALL TEAM.

The Winged "O" showed about as good a team as a club can have, good prospecting in a long while. Heavy line in its chief asset and Macomber in the head work and shooting ability back of it. All in all, the Olympic Club has a fine team, full and ahead of it and having had several weeks of training already are in top shape to raise itself with the tops of the various college eleven's picking California, Freshmen and Varsity as their first opponents.

Since the injury of Birkey of the U. C. 1920 team last Saturday, the first year backfielder, the others, Orlin, Smith, and others, are to be shown in the Winter Olympians' Admission Day against the defenseless gobs from the U. S. Boston the Bear Babes will do well to put in overtime in training that they can make up for that date.

Brown Proves Too Much for Oak Hitters

Cy Falkenburg Steals Second To Great Surprise of the Multitude.

It was simply a case of "too much Brown" at Recreation Park, San Francisco, and the Oaks lost another ball game, 2 to 0. The well-known left-hander of the Los Angeles club had a bucket of whitewash he didn't know what to do with, so he grabbed the old brush and plastered it all over our Oaks. The locals never looked like winners at any stage of the game, even if they did get some extra good pitching from Long Cy Falkenburg, and the fans started for the exits long before the ninth frame. Four blows were collected by the locals off the southpaw offerings of Mr. Brown, and not more than one was made in any one frame. The Angels nicked Long Cy for seven wallops, some of them mighty scratchy, but they made their blows count.

The first scratchy tally was a gift pure and simple and the language of the loyal Oakland rooters was simple, "Get out of here, the game's over." With one in the corner Rube Ellis bit off a double for himself and Niehoff was an infield out. Curly Brown lifted a dink to the right field, and Missie Scott Grover muffed it and Ellis walked home. Grover tried to make the catch on the run to the bench. Next time he went to the plate, he did not hit the bench after or he will get better acquainted with the aforementioned bench than he is at present. That tally was shot off in the second game, the score was nine in the fifth. Brown and Killefer grabbed dinky singles and Fabrique bunted them along. Fournier hit a single in third round and LaCroix and MacSwain had semi-fins. When these players, together with L. C. Steele, meet in the semi-finals and final some exceptional tennis may be expected.

One of the surprises in yesterday's was the defeat of August Wilhem by E. G. Cook. It will be remembered that Wilhelm defeated A. W. Cook, a day and a half ago. Curled an easy victim over the river Cook, but such was not to be, for certainly, plugging drives at critical times. Cook finally won the match 4-6, 6-3.

LA CROIX DEFEATED.

A surprising feature of the double play was the defeat of LaCroix and Harper, who were expected to reach the final heat, between the Oaks and the Halton-Didders. The day was a long and exciting contest, the scores being 2-6, 7-5, 7-6. Earlier in the day the winning team had been easily beaten by Cook and Fergus, but the two teams met again in the following Sunday afternoon at the Richmond ball park, and the Oaks, won the second 6-4, but in third 7-6, and in fourth 6-4, with the same team that defeated Cook and Fergus led by a score of 8-7 when a badly placed lob on two events the score and game were tied. Cook and Harper, however, they needed to win the set and match. A peculiarity of the score being the fact that Cook and Fergus won the most games. The results of the day's play:

	MEN'S SINGLES.	MEN'S DOUBLES.
Second Round.	Young and MacSwain defeated Smith and Shepard 7-5, 6-3.	Ott and Morton defeated Fournier and Watson 6-1, 6-1.
Third Round.	H. G. Harper defeated C. Viss 7-6, 6-2.	Franck Nelson defeated R. Viss 6-3, 6-2.
Titled Round (Partly Played).	C. J. LaCroix defeated J. J. Coney 6-3, 6-2.	LaCroix and Harper defeated Koon 6-3, 6-2.
	J. Steele defeated E. C. Norton 7-5, 6-3.	Kearney and Steele defeated Kean and Coney 7-5, 6-2.
	E. G. Cook defeated August Wilhem 6-1, 6-2, 7-5.	Cattor and Nelson defeated Ott and Morton 8-6, 6-4.
	A. B. MacSwain defeated Nelson 6-2, 6-3, 6-1.	Ott and Banks defeated LaCroix and Fergus 2-6, 7-5, 7-6.
	H. L. Lipsius defeated C. Shepard 6-6, 7-5, 7-6.	Next Sunday the tournament will be resumed and events in India series and mixed doubles will be held.
	C. J. LaCroix defeated Francis Nelson 6-4, 6-3.	A. B. MacSwain defeated Scott did record.

On land, on sea and in the air

For years the Standard Oil Company, through its Board of Lubrication Engineers, has given valuable service in lubrication—on land, on sea and in the air. Thousands of motorists are avail-

ing themselves of this service. By exhaustive study and actual tests the Standard Oil Company Board of Lubrication Engineers has determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a chart for each make of car. Get one for your car. At your dealer's or our nearest station.

Surprises in Alameda City Tennis Games

TRACTORS READY FOR GAME AT STOCKTON

Their Visit to River Town Makes Construction Nine and Halton-Didders Attraction

BY EDDIE MURPHY.

Another round in seventh annual tennis championship games was played Tuesday and incidentally some predictions of the experts did not develop, for instance H. Lishman was not expected to defeat Colman Shepard, the runner-up two years ago, but he did, and although Shepard took the first set 6-0, Lishman then located a few weak places in Shepard's bench than he is at present. That tally was shot off in the second game, the score was nine in the fifth. Brown and Killefer grabbed dinky singles and Fabrique bunted them along. Fournier hit a single in third round and LaCroix and Harper opened the eighth with singles and a score looked likely but the next three batters flew off the outfit without the runners advancing.

The Oaks were going to the Alameda City tennis game yesterday morning, but two features Cy Falkenburg's steal of second base and Billy Lane's wonderful catch of Baseler's drive in the eighth frame put all clear to left field to get the ball.

It wasn't much of a ball game there being but two features Cy Falkenburg's steal of second base and Billy Lane's wonderful catch of Baseler's drive in the eighth frame put all clear to left field to get the ball.

The Oaks are going to the Alameda City tennis game yesterday morning, but two features Cy Falkenburg's steal of second base and Billy Lane's wonderful catch of Baseler's drive in the eighth frame put all clear to left field to get the ball.

Carl Living is out of town and Game Number two is on the track of a pair of bush "phenoms." The Oakland boss will be back Friday.

Bill Clymer may buy the Oakland club and again he may not. He does we hope he better becaue then he had with Seattle. Del Moore, who does not know anything about Clymer's contemplated purchase of the club.

Mike flew in, left for Cy Falkenburg in the eighth inning and Pop Arlett pitched up his pants and Pop Arlett checked a double and the ninth without being hit.

The Oaks got a pair of men on the paths in the third but Conner hit the ball so hard at Brown that Curly simply had to stop it and then he had lots of time to get him at first.

Carl Randall appeared at second base for Conner and he as well as did with the Oaks.

Randy Elliott checked a double in the eighth with one down, but the next pair of batters flew out.

GOSSIP FROM THE JUNGLES

By MAURY PESSANO.

Charley Kollner, manager of the Shipyards Construction team, is a manager that believes in keeping good news a secret. The meaning of this is that Charley, like the rest of the managers who have a team in the American League, does not go looking up the best baseball around the bay to play with their team, has signed up three stars, but does not care to give out their names. The manager of the construction team, Charley, has been a hard worker, and right now can show the fans and fannettes a classy team. He started building his team last year, two of the men he has signed up are the best players in the city, and the third is the best big attraction to be around here Sunday, as the C. L. Best Tractors of San Leandro will be away from their home lot, going to Stockton to meet the Holt Tractors in the first game of a series to decide the champion ship of the tractor company teams in the Best Tractors' town. Tom Cullen, manager of the San Leandro Shipyards, will be away from his outfit to Bill Wall, the Holt Tractors' coach, to help him get his team ready for the game.

Nealy O'Farrell, manager of the Martindale Shipyards, is a good player. He is a trifle slow, but his team is the best in the city. Sunday, the C. L. Best Tractors of San Leandro will be away from their home lot, going to Stockton to meet the Holt Tractors in the first game of a series to decide the champion ship of the tractor company teams in the Best Tractors' town. Tom Cullen, manager of the San Leandro Shipyards, will be away from his outfit to Bill Wall, the Holt Tractors' coach, to help him get his team ready for the game.

On the subject of the surprise in yesterday's game, the fans and fannettes will be surprised to learn that the Shipyards distributed the fans and fannettes to the Holt Tractors' team. The fans and fannettes will be surprised to learn that the Holt Tractors' team is the best in the city. Sunday, the C. L.
